Racial Identity White Counsellors And Therapists:

Racial Identity, White Counsellors and Therapists Gill Tuckwell, 2002 The book is written from a practitioner perspective and is intended predominantly for practising counsellors and therapists counselling supervisors and trainers Students and researchers in social psychology and medical sociology may also be interested in the sections on the theoretical and historical context of therapy With an emphasis on white racial identity issues the book is particularly relevant for white readers however it may also enable readers from other racial groups to increase their understanding of racial development

Book Jacket Being White in the Helping Professions Judy Ryde, 2009-01-15 In this reflective yet practical book the author challenges white helping professionals to recognize their own cultural identity and the impact it has when practising in a multicultural environment Ryde offers a model for white awareness in a diverse society and offers advice on how to implement white awareness training in an organization

Whiteness and White Privilege in Psychotherapy Andrea Dottolo, Elyn Kaschak, 2018-02-02 This unprecedented interdisciplinary collection focuses on gender whiteness and white privilege and sheds light on this understudied subject matter in the context of clinical psychology in both theories and applications Psychologists especially therapists are often trained to look for issues that are not readily visible cannot be spoken and that are commonly taken for granted Feminist and multi cultural researchers and practitioners further seek to expose the power structures that benefit them or that unfairly advantage some groups over others Whiteness has been investigated by sociologists and critical race theorists but has been largely overlooked by psychologists and psychotherapists even those who deal with feminist and multi cultural issues This volume explores the ways in which gender whiteness and white privilege intersect in the therapy room bringing to light that which is often unseen and thus unnamed while examining issues of epistemology theory supervision and practice in feminist therapies The various contributions encompass theory history empirical research personal reflections and practical teaching strategies for the classroom The authors remind us that whiteness and other forms of privilege are situated among multiple other forces structures identities and experiences and cannot be examined alone without context This book was originally published as a special issue of Women Therapy

Racism in Psychology Craig Newnes, 2021-04-28 Racism in Psychology examines the history of racism in psychological theory practice and institutions The book offers critical reviews by scholars

and practising therapists from the US Africa Asia Aotearoa New Zealand Australia and Europe on racism on the couch and in the wider socio historical context The authors present a mixed experience of the success of efforts to counter racism in theory institutions and organisations and differing views on the possibility of institutional change Chapters discuss the experience of therapists anti-Semitism inter sectionality and how psychological praxis is part of a colonialist project The book will appeal to practising psychologists and counsellors socially minded psychotherapists social workers sociologists and students of psychology social studies and race relations

The Influence of Race and Racial Identity in Psychotherapy Robert T. Carter, 1995 A revolutionary theory a clinical watershed a masterful text The Influence of Race and Racial Identity in Psychotherapy Robert T Carter changes the course of a century of psychological theory practice and education He debunks the traditional belief that race has a marginal impact on personality development and with compelling empirical evidence demonstrates that race is the defining factor above other experiences of living in the United States and a crucial ingredient in the therapeutic process Carter presents models of racial identity for all racial groups and offers numerous case studies of various psychosocial resolutions within racial groups He constructs the first racially inclusive model of psychotherapy a rigorous conceptual framework that affords clinicians a deeper awareness of how racial issues affect their dealings with patients and creates a means of integrating that knowledge into their practices The Influence of Race and Racial Identity in Psychotherapy Defines the decisive role of racial identity in personality development Presents a racially inclusive model of psychotherapy Describes how this model is applied in a clinical context Proposes new counselor training programs based on this model This immensely valuable text helps students in multicultural counseling and psychotherapy develop an awareness of their own levels of racial identity as well as those of their patients For practicing therapists it opens new vistas in the therapeutic process and provides new avenues through which to better understand and serve their patients

Race, Culture And Counselling Lago, Colin, 2005-11-01 This substantially revised edition builds upon the foundations laid down in the first edition which addressed amongst other subjects issues of race and power cultures and their impact upon communication and a review of the dominant theoretical discourses influencing counselling and psychotherapy and how these might impact upon mixed identity therapeutic relationships

Difference and Diversity in Counselling Sue Wheeler, 2006-07-13 All counsellors are compelled to take account of the diverse society in which they practice and to inform themselves of best practice with all client groups This book provides a contemporary psychodynamic perspective on difference and diversity to bring practitioners up to date with current thinking when faced with a client who is in some way different References to race culture or disability in classical psychoanalytic literature are few In a society that embraces diversity and seeks to afford equality for all theories of male and female identity development need revisiting Older people make up a large proportion of the population and religious beliefs make headline news but psychodynamic perspectives on clinical work with such groups are limited Indeed the social context of the 21st century that provides the backdrop for the

hopes fears and aspirations of our clients warrants attention as people and organisations are shaped by the social systems that prevail In the past decade equal opportunities legislation and the need to be proactive in thinking about diversity has begun to make its mark Complacency is no longer tolerated This book is essential reading for counsellors and psychotherapists in training and for experienced practitioners whose continuous professional development will be enhanced by re evaluating how diversity affects their practice
