International Handbook of Educational Change Andy Hargreaves, A. Lieberman, M. Fullan, D.W. Hopkins, 1998-05-31 The International Handbook of Educational Change is a state of the art collection of the most important ideas and evidence of educational change The book brings together some of the most influential thinkers and writers on educational change It deals with issues like educational innovation reform restructuring culture building inspection school review and change management It asks why some people resist change and what their resistance means It looks at how men and women older teachers and younger teachers experience change differently It looks at the positive aspects of change but does not hesitate to raise uncomfortable questions about many aspects of educational change either It looks critically and controversially at the social economic cultural and political forces that are driving educational change School leaders system administration teacher leaders consultants facilitators educational researchers staff developers and change agents of all kinds will find this book an indispensable resource for guiding them to both classic and cutting edge understandings of educational change no other work provides as comprehensive coverage of the field of educational change

Second International Handbook of Educational Leadership and Administration Kenneth A. Leithwood, P. Hallinger, 2012-12-06 The first International Handbook of Educational Leadership and Administration Leithwood et al was published in 1996 and quickly became something of a best seller for reference works within education Such success we suggest was at least partly due to the unprecedented global waves of concern for improving schools launched in the mid 1980 s combined with a widespread belief in leadership as the single most powerful contribution to such improvement The roots of this belief can be found in evidence produced by the early effective schools research although there is a romance with leadership as an explanation for success in many non school enterprises as well During the two year period during which this current handbook was being written activity in the realms of school leadership school improvement and leadership development gained further momentum The English government created its new National College of School

Leadership and several Asian nations announced new initiatives in leadership selection preparation and development

Bringing Out the Best in Teachers Joseph Blase, Peggy C. Kirby, 2009 What strategies do great principals use to influence teachers students and classroom instruction This best selling book by Joseph Blase and Peggy C Kirby now in its third edition provides the answers from the teachers themselves New material in this revised edition compares the authors original research findings with recent literature on transformational leadership school productivity and adult learning as well as the ISLLC and ELCC standards Such comparisons underscore the continued timeliness and timelessness of this teacher s eye view of effective school leadership The book offers strategies and related practices that allow leaders to use the power of praise influence others by using expectations and involvement encourage professional autonomy lead by standing behind suggest rather than direct use formal authority positively ideal for experienced or aspiring school principals this enlightening and compact resource provides invaluable perspectives on how to motivate and inspire classroom teachers PUBLISHER S WEBSITE
