The Judgment of Paris Ross King, 2012-01-11 Another fascinating book by the author of Brunelleschi s Dome and Michelangelo and the Pope s Ceiling a saga of artistic rivalry and cultural upheaval in the decade leading to the birth of Impressionism If there were two men who were absolutely central to artistic life in France in the second half of the nineteenth century they were Edouard Manet and Ernest Meissonier While the former has been labelled the Father of Impressionism and is today a household name the latter has sunk into obscurity It is difficult now to believe that in 1864 when this story begins it was Meissonier who was considered the greatest French artist alive and who received astronomical sums for his work while Manet was derided for his messy paintings of ordinary people and had great difficulty getting any of his work accepted at the all important annual Paris Salon Manet and Meissonier were the Mozart and Salieri of their day one a dangerous challenge to the establishment the other beloved by rulers and the public alike for his painstakingly meticulous oil paintings of historical subjects Out of the fascinating story of their parallel careers Ross King creates a lens through which to view the political tensions that dogged Louis Napoleon during the Second Empire his ignominious downfall and the bloody Paris Commune of 1871 At the same time King paints a wonderfully detailed and vivid portrait of life in an era of radical social change When Manet painted Dejeuner sur l herbe or Olympia he shocked not only with his casual brushstrokes but with his subject matter top hatted white collar workers and their mistresses were not considered suitable subjects for Art Ross King shows how benign as they might seem today these paintings changed the course of history The struggle between Meissonier and Manet to see their paintings achieve pride of place at the Salon was not just about artistic competitiveness it was about how to see

the world Full of fantastic tidbits of information and a colourful cast of characters that includes Baudelaire Courbet and Zola with walk on parts for Monet Renoir Degas and Cezanne The Judgment of Paris casts new light on the birth of Impressionism and takes us to the heart of a time in which the modern French identity was being forged **The Collected Works of**
