Palda,Fraser Institute (Vancouver, B.C.),1979      On Systemic Balance M. A. Goldberg,1989-10-06 Arguing that society has pursued short run approaches to decision making that in the long term are counterproductive *On Systemic Balance* presents a multidimensional and interdisciplinary alternative to problem solving The usual method of dealing with problems such as housing shortages and environmental protection is a narrow simplistic quick and intrusive solution This type of solution ultimately ignores the many interrelationships within a system The long term effect is imbalance and destabilization The author reinforces his argument with economic and environmental examples He then introduces alternative approaches to decision making and applies them to several settings By stressing slow incremental intrusions regard for interrelationships and longer term balance the author suggests that we might redefine problems more appropriately develop less harmful and more enduring solutions and provide a more stable environment Goldberg maintains that we cannot truly predict the consequences of our actions particularly large scale actions taken over a short period of time He presents his argument first by equipping the reader with a set of multidisciplinary tools and second by demonstrating the poor results of our present decision making style He then introduces an alternative approach which borrows from biology economics management and anthropology and applies it to three distinct settings
