Repetition And Variation In The Short Stories Of Herodotus:

Repetition and Variation in the Short Stories of Herodotus Timothy Long,1987 **Repetition and Variation in the Short Stories of Herodotus** Timothy Long,1987 A Commentary on Herodotus Books I-IV David Asheri,Alan Lloyd,Aldo Corcella,2007-08-30 Herodotus one of the earliest and greatest of Western prose authors set out in the late fifth century BC to describe the world as he knew it This commentary by leading scholars originally published in Italian has been fully revised by the original authors and is now presented for English readers The Historical Method of Herodotus Donald Lateiner,1989-01-01 Herodotus was the first writer in the West to conceive the value of creating a record of the recent past He found a way to co ordinate the often conflicting data of history ethnology and culture The Historical Method of Herodotus explores the intellectual habits and the literary principles of this pioneer writer of prose Donald Lateiner argues against the perception that Herodotus work seems amorphous and ill organized that the Histories contain their own definition of historical significance He examines patterns of presentation and literary structure in narratives speeches and direct communications to the reader in short the conventions and rhetoric of history as Herodotus created it This rhetoric includes the use of recurring themes the relation of speech to reported actions indications of doubt stylistic idiosyncrasies frequent reference to nonverbal behaviours and strategies of opening and ending Lateiner shows how Herodotus sometimes suppresses information on principle and sometimes compels the reader to choose among contending versions of events His inventories of Herodotus methods allow the reader to focus on typical practice not misleading exception In his analysis of the structuring concepts of the Histories Lateiner scrutinizes Herodotean time and chronology He considers the historian s admiration for ethnic freedom and autonomy the rule of law and the positive values of conflict Despite these apparent biases he argues the text s intellectual and moral preferences present a generally cool and detached account from which an authorial personality rarely emerges The Historical Method of Herodotus illuminates the idiosyncrasies and ambitious nature of a major text in classics and the Western tradition and touches on aspects of historiography ancient history rhetoric and the history of ideas **The Cambridge Companion to Herodotus** Carolyn Dewald,John Marincola,2006-06-08 Herodotus Histories is the first major surviving prose work from antiquity Its range of interests is immense covering the whole of the known world and much beyond and it culminates in a detailed account of the Persian Wars of the early fifth century BC Moreover research has shown that Herodotus is a sophisticated and at times even ironic narrator and a pioneer and serious practitioner of historical research at a time when the Greeks traditions about their past were still the fluid transmissions and memories of a largely oral society This Companion provides a series of accessible chapters written by distinguished scholars illuminating many aspects of Herodotus work his skill in language and his narrative art his intellectual preconceptions his working methods and techniques his attitude towards nature and the gods his attitude towards foreign cultures and peoples and his view of human life and human history **Myth, Truth, and Narrative in Herodotus** , Emily Baragwanath,Mathieu

de Bakker,2012-09-06 This volume brings together 13 original articles which review re establish and rehabilitate the origins forms and functions of the mythological elements that are found in the narratives of Herodotus Histories **Herodotus: Histories Book I** Carolyn Dewald,Rosaria Vignolo Munson,2022-09-15 In the Histories which could loosely be translated as Investigations or Researches Herodotus tells how the Persian Empire began grew and then met defeat in Greece in his parents generation Book 1 begins that story It introduces both the world in which the Persian imperial war machine began to operate and then expanded and Herodotus own procedures in undertaking the ambitious task he has set himself This edition helps intermediate and advanced students to read the book in the original Greek and will also be of interest to advanced scholars The Commentary provides information about dialect grammatical forms syntax and other properties of his language In addition the Introduction and the Commentary engage in literary interpretation and explore Herodotus value as a historian his immense curiosity and the attention he devotes to the customs beliefs concrete realities and myths of other cultures

Motivation and Narrative in Herodotus Emily Baragwanath,2008-05-15 In his extraordinary story of the defence of Greece against the Persian invasions of 490 480 BC Herodotus sought to communicate not only what happened but also the background of thoughts and perceptions that shaped those events and became critical to their interpretation afterwards Much as the contemporary sophists strove to discover truth about the invisible Herodotus was acutely concerned to uncover hidden human motivations whose depiction was vital to his project of recounting and explaining the past Emily Baragwanath explores the sophisticated narrative techniques with which Herodotus represented this most elusive variety of historical knowledge Thus he was able to tell a lucid story of the past while nonetheless exposing the methodological and epistemological challenges it presented Baragwanath illustrates and analyses a range of these techniques over the course of a wide selection of Herodotus most intriguing narratives from those on Athenian democracy and tyranny to Leonidas and Thermopylae and thus supplies a method for reading the Histories more generally *Herodotus: Histories Book I*

sophistic thought and techniques of argument has been widely recognised as long had been his dependence on and difference from earlier geographical and ethnographic writing This volume focuses on the place of these interests in his investigatory techniques and sets them alongside his many narrative skills from superficially traditional battle narrative and reworking of Greek or non Greek traditions that border on myth to the structuring of narrative by highlighting the life of objects and addresses such fundamental issues as how he chooses between competing explanations and how far he valued truth The book tackles many of the basic issues that confront any attempt to understand Herodotus work The Grand Scribe's Records, Volume IX Ssu-ma Ch'ien, 2019-08-01 A remarkable document of ancient Chinese history An indispensable addition to modern sinology China Review International This volume of The Grand Scribe's Records includes the second segment of Han dynasty memoirs and deals primarily with men who lived and served under Emperor Wu r 141 87 B C The lead chapter presents a parallel biography of two ancient physicians Pien Ch eh and Ts ang Kung providing a transition between the founding of the Han dynasty and its heyday under Wu The account of Liu P i is framed by the great rebellion he led in 154 B C and the remaining chapters trace the careers of court favorites depict the tribulations of an ill fated general discuss the Han's greatest enemy the Hsiung nu and provide accounts of two great generals who fought them The final memoir is structured around memorials by two strategists who attempted to lead Emperor Wu into negotiations with the Hsiung nu a policy that Ssu ma Ch ien himself supported Narratology and Classics Irene J. Bowie,Irene de Jong,2017-07-31 This is the first in a series of volumes which together will provide an entirely new history of ancient Greek narrative literature Its organization is formal rather than biographical It traces the history of central narrative devices such as the narrator and his narratees time focalization characterization description speech and plot It offers not only analyses of the handling of such a device by individual authors but also a larger historical perspective on the manner in which it changes over time and is put to different uses by different authors in different genres The first volume lays the foundation for all volumes to come discussing the definition and boundaries of narrative and the roles of its producer the narrator and recipient the narratees Plutarch's >Parallel Lives Chrysanthos S. Chrysanthou,2018-02-19 In the Parallel Lives Plutarch does not absolve his readers of the need for moral reflection by offering any sort of hard and fast rules for their moral judgement Rather he uses strategies to elicit readers active engagement with the act of judging This book drawing on the insights of recent narrative theories especially narratology and reader response criticism examines Plutarch s narrative techniques in the Parallel Lives of drawing his readers into the process of moral evaluation and exposing them to the complexities entailed in it Subjects discussed include

Plutarch's prefatory projection of himself and his readers and the interaction between the two Plutarch's presentation of the mental and emotional workings of historical agents which serves to re-enact the participants' experience at the time and thus arouse empathy in the readers Plutarch's closural strategies and their profound effects on the readers' moral inquiry Plutarch's principles of historical criticism in *On the malice of Herodotus* in relation to his narrative strategies in the *Lives* Through illustrating Plutarch's narrative technique this book elucidates Plutarch's praise and blame rhetoric in the *Lives* as well as his sensibility to the challenges inherent in recounting, reading about and evaluating the lives of the great men of history
