world of reportage drawing a world which is provocative mixed media transdisciplinary and immersed in the idiosyncratic vision of the artist Where the traditional orientation of reportage was on the communicative function of the image as a record of an event contemporary practitioners largely detached from commissioning structures of the 19th and 20th centuries now seek to capture more experiential qualities of place and choose locations which have highly personal and political significance Liberated from old conceptions of reportage drawing as objective and true artists today embrace subjectivity and are seeking a rich dialogue with their subjects using drawing to tell important stories about protest human migration war corporate capitalism and homelessness Louis Netter distinguishes contemporary reportage drawing from its historical function through a critical exploration of the aesthetic of the sketch the role of caricature and the nature of experience Featuring several prominent artists such as Jill Gibbon who secretly draws in arms fairs across Europe Phoebe Glockner who produces highly provocative mixed media work about violence against women in Mexico renowned reportage illustrator Gary Embury and French reportage artist Loup Blaster in addition to an exploration of the author s own work this book shows how the act of drawing can foster new insights about people places and political realities in often subtle and challenging ways Part of the Drawing In series this book opens up reportage drawing practice as a way of understanding our world in a deeper and more personal way *Handbook of Research on the Global Impact of Media on Migration Issues* Okorie, Nelson,Ojebuyi, Babatunde Raphael,Macharia, Juliet Wambui,2019-10-25 In today s culture media outlets have as much influence on the general public as ever Migration is an issue that has sparked commentary throughout the globe leading to many dissimilar viewpoints These news systems have the ability to convey mass messages regarding these disputes which could lead to a wide range of socio cultural implications depending on the intent and nature of these reports The Handbook of Research on the Global Impact of Media on Migration Issues provides emerging research exploring the theoretical and practical aspects of media structures and implications of media institutions tackling migration issues and related problems Featuring coverage on a broad range of topics such as human trafficking global peace and modern slavery this book is ideally designed for reporters journalists policymakers government officials communication specialists industry professionals students and scholars seeking current research on the modern development of migration **Legislative Analysis** ,1966
