Repression And Recovery Modern American Poetry And The Politics Of Cultural Memory 1910 1945:

Repression and Recovery Cary Nelson, 1989 A poststructuralist literary history Nelson's premise that the history of modernist culture is one we no longer know we have forgotten and he aims to recover the political questions many forgotten modern poets looked straight in the eye

The Oxford Critical and Cultural History of Modernist Magazines Peter Brooker, Andrew Thacker, 2009 This volume contains 44 original essays on the role of periodicals in the United States and Canada Over 120 magazines are discussed by expert contributors completely reshaping our understanding of the construction and emergence of modernism

Randolph Bourne and the Politics of Cultural Radicalism Leslie J. Vaughan, 2021-10-08 In the little rebellion that swept New York's Greenwich Village before World War I few figures stood out more than Randolph Bourne Hunchbacked and caped the little sparrowlike man of Dos Passos U S A Bourne was an essayist and critic most remembered today for his opposition to U S military involvement in Europe and his assertion that war is the health of the state A frequent contributor to *The New Republic* he died in 1918 at the age of 32 arguing that a military industrial complex would continue to shape the policies of the modern liberal state Bourne is also recognized as one of the founders of American cultural radicalism revered in turn by Marxists anti fascists and the New Left Through his writings he debated issues that were cultural as well as political from a position he described as below the battle rejecting the either or political options of his day in favor of a viewpoint that argued outside the terms set by the establishment In her new study of Bourne's political thought Leslie Vaughan maintains that this position was not as others have contended a retreat from politics but rather a different form of political engagement freed from the suppositions that impede genuine debate and democratic change Her analysis challenges previous readings of Bourne's politics showing that he offered non statist neighborhood based politics in America's modern cities as a practical alternative to involvement in the national state and its militarism By demonstrating Bourne's emphasis on politics as local multi ethnic and intergenerational Vaughan shows that his thought offered a new political discourse and set of cultural possibilities for American society in an era he was the first to label as post modern Returning to the influence of Nietzsche on his thought she also explores the role Bourne played in the creation of his own myth Eighty years later Bourne can be seen to stand at the cusp of the modern and the post modern worlds as he speaks to today's multiculturalist movement In reexamining Bourne's writings Vaughan has located the roots of twentieth century radical thought while repositioning Bourne at the center of debates about the nature and limits of American liberalism

Embattled Home Fronts Karsten H. Piep,2009-01-01 Embattled Home Fronts is an inquiry into the highly conflicted US American experience of World War I as it plays itself out in the diverse body of novelistic works to which it has given rise and by which it has been in turn shaped and commemorated As such this book naturally concerns itself with the formal aspects of artistic war representation But rather than merely endeavoring to illustrate how American writers from various backgrounds chose to depict World War I the present work seeks to uncover the particular ideologies and political practices that inform these representational choices To this end Embattled Home Fronts examines both canonized and marginalized US American World War I novels within the context of contemporaneous debates over shifting class gender and race relations The book contends that American literary representations of the Great War are shaped less by universal insights into modern society s self destructiveness than by concerted efforts to fashion class gender and race specific experiences of warfare in ways that stabilize and heighten political group identities In moving beyond the customary focus on ironic war representations Embattled Home Fronts illustrates that the representational and ideological battles fought within American World War I literature not only shed light on the emergence of powerful identity political concepts such as the New Woman and the New Negro but also speak to the reappearance of utopian communitarian and social protest fictions in the early 1930s This study Embattled Home Fronts provides a new understanding of the relationship between war literature and home front politics that

Marketing Modernisms Kevin J. H. Dettmar, Stephen Myers Watt, 2025-10-01

Rarely have genres of literary expression been looked upon or read as commodities within a market system we tend to think of our literature as pure untainted by any interaction with the world of commerce Critical accounts of modernism are frequently theorized across the divide between the project itself and the larger marketplace the world of consumption Marketing Modernisms calls into question this curious separation and examines the material intellectual and ideological practices that comprise the notion of marketing Marketing Modernisms is concerned with Anglo American modernists and their potential readers in both the popular audience and the academy Examining the forms of promotion employed by book publishing houses in the editorial offices of literary magazines and in the minds of modern writers the essays bring to the fore little known connections between writers such as Ezra Pound T S Eliot James Joyce Virginia Woolf and Langston Hughes and the commercial marketplace they engaged The book s provocative themes include the strategies that modernists and their publishers employed to market their work to fashion themselves as artists or celebrities and to bridge the gap between an avant garde elite and the popular reader Other essays explore the difficulties confronted by women African American and gay and lesbian writers in gaining literary acceptance and achieving commercial representation while maintaining the gendered racial and sexual aspects of their lives

Hart Crane and the Modernist Epic D. Gabriel, 2016-05-24

This study examines Hart Crane s canonical ambitions in *The Bridge* and argues for a new species of epic the modernist epic which also includes Pound s *The Cantos* Eliot s *The Waste Land* and Williams s *Paterson* It offers a close reading of *The Bridge* as a hybrid of lyric and epic modes Crane s sublime and history converge in a complex synthesis of form and ideas The study reconceives Crane s achievement by locating him in an intertextual system of production while also recognizing his poetic making of self Yet in this work Crane assumes a greater political presence than much commentary has entertained

[Louis Zukofsky and the Transformation of a Modern American Poetics](#) Sandra Kumamoto Stanley, 2023-04-28

Viewing Louis Zukofsky as a reader writer and innovator of twentieth century poetry Sandra Stanley argues that his works serve as a crucial link between American modernism and post modernism Like Ezra Pound Zukofsky saw himself as a participant in the transformation of a modern American poetics but unlike Pound Zukofsky the ghetto born son of an immigrant Russian Jew was keenly aware of his marginal position in society Championing the importance of the little words such as a and the Zukofsky effected his own proletarian revolution of the word Stanley explains how Zukofsky emphasized the materiality of language refusing to reduce it to a commodity controlled by an authorial authoritarian self She also describes his legacy to contemporary poets particularly such Language poets as Ron Silliman and Charles Bernstein
