Language-grammar Review-workbooks: Language, book 2 , *Advanced English Grammar Review Workbook* S. A. M. CHRISTIAN, 2020-02-07 There are nearly 5000 sentences on the various grammatical structures in the this Advanced English Grammar Review Workbook that require the students input of choosing the correct answer It is my belief that anyone who does this number of sentences will certainly have a mastery of the language he is working on the English Language The Workbook is one of the many workbooks I have developed throughout my teaching career and work as syllabus writer and consultant on English Language teaching in renowned institutions around the world It is intended to help the Intermediate Post Intermediate and pre college Japanese Slovak Spanish Arab Learners of English consolidate their knowledge of English Grammar as they wish to pursue a fruitful path of life The Workbook is certainly a challenge to all teachers of English to come up with comprehensive review workbooks like this one even if they have to copy and use my level objectives which they will find at the beginning of each level as shown in this Review Workbook As an incentive to the user of the Workbook I have also included a name game at the end of the book for a draw of 1000 for whoever finds out the correct European Name intended in the Game in full It is an easy game and many will find the answer to be entered in the draw Proudly and Fairly said this Grammar Review Workbook certainly deserves to carry the quality Unique and to be named the Renatus of all Workbooks in the field because it is one of a kind that has no match in any and all English Grammar Review books in the

whole world not arrogantly but reasonably and justifiably said and I challenge anyone to give me a match This product can serve both a teaching tool as well as and mainly a Review Workbook I surely do not contest the availability of hundreds of exercise books on English as a Second or a Foreign language ESL EFL but I do contest the availability of any comprehensive Review Workbook like this one in design and content because it has been prepared through diligent work towards the desired target it was initially intended to achieve namely helping both the learner and his her facilitator Now What makes this book Unique and why I call it the Renatus of Workbooks Truthfully throughout my successful teaching career and particularly during the last two decades of a rewarding career I realized that I would one day be writing books of this sort to help students and foreign language learners around the world in their search for success in the highly sought English language whether for jobs and business within their own borders or abroad Therefore I thought then that the best approach towards coming up with effective exercises would be to compile the objectives taught and covered in the various levels of English language learning This does not mean that the objectives do not recur as the student or learner advances but it means that when they recur they do not constitute a new objective to be taught because they should have been covered in the earlier levels The exercises of the level where they recur do not ignore their recurrence but provide for this in the review exercises written I have worked hard to define the objectives for each of the twelve levels I have personally determined where every two levels comprise a level graduating from the most basic beginner s level to the most advanced ensuring that all grammar blocks that constitute the English Language are covered in the various levels Surely as I was defining the objectives of each level I was also writing exercises that should incorporate the objectives taught in that level Thus I came up with hundreds of exercises many of which are incorporated in my review books Now what makes me proudly consider this Workbook the Renatus of Grammar Review Workbooks Renatus is a Latin masculine name whereas Renata is the feminine name both meaning reborn to be born again

Unveiling the Power of Verbal Art: An Psychological Sojourn through **Reprise A Review Workbook For Grammar Communication And Culture**

In some sort of inundated with monitors and the cacophony of immediate communication, the profound energy and emotional resonance of verbal artistry frequently disappear in to obscurity, eclipsed by the regular barrage of noise and distractions.
