Requiem For A Gun:

Requiem for a Gun Burt Arthur, Budd Arthur, 1963 Requiem for a Gun Burt Arthur, Budd Arthur, 1963 *America's Gun Wars* Donald J. Campbell, 2019-04-10 This book examines the controversies surrounding gun control which are less about whether it works and more about whether the nation should prioritize traditional values of rugged independence or newer values of communitarian interdependence America's Gun Wars contends that an understanding of America's gun controversy cannot be found in statistics documenting the rise or fall of violent crime or in examining trade offs between societal needs and personal safety or in following the political maneuvering of advocacy groups such as the National Rifle Association or Everytown for Gun Safety At heart the gun controversy is a values conflict involving how people see themselves and how they make sense of the world they live in Understanding this controversy requires a deep analysis of the profoundly different cultures inhabited by pro and anti gun activists lawmakers and voters Written by a social scientist who has spent his life exploring how values and self perceptions impact behavior this book explores the origins and evolution of cultures in American society the beliefs experiences and principles that guide the behavior of members in both camps and the triumphs and failures that the two sides have experienced from colonial times to the present day The Complete Works of W.R. Bion W. R. Bion, 2019-01-15 The Complete Works of W R Bion is now available in a coherent and corrected format Comprising sixteen volumes bound in green cloth this edition has been brought together and edited by Chris Mawson with the assistance of Francesca Bion Incorporating many corrections to previously published works it also features previously unpublished papers Including a general index and editorial introductions to all the works these volumes will be a useful and valuable aid to psychoanalytic scholars and clinicians and all those interested in studying and making use of Bion's thinking Bion's writings including the previously unpublished papers and additions to his Cogitations collected together in the Complete Works show that the clinical thrust of Bion's work has clear lines of continuity with that of Melanie Klein just as her work has an essential continuity with the later work of Freud In Bion's clinical work and supervision the goal remains insightful understanding of psychic reality through a disciplined experiencing of the transference and countertransference the setting and the method however much Bion's terminology might suggest otherwise remains rigorously psychoanalytic The American Western A Complete Film Guide Terry Rowan, 2012-11-18 A comprehensive film guide featuring films and television shows of the great American western The stories of the men and women who tamed the old West Also featuring actors and directors who made these films possible *Catalog of Copyright Entries.
