Requiem For Hitler:

A Requiem for Hitler Klaus Scholder, 1989 *The Dictators: Hitler's Germany, Stalin's Russia* Richard Overy, 2006-01-17 A book of great importance it surpasses all others in breadth and depth Commentary If the past century will be remembered for its tragic pairing of civilized achievement and organized destruction at the heart of darkness may be found Hitler Stalin and the systems of domination they forged Their lethal regimes murdered millions and fought a massive deadly war Yet their dictatorships took shape within formal constitutional structures and drew the support of the German and Russian people In the first major historical work to analyze the two dictatorships together in depth Richard Overy gives us an absorbing study of Hitler and Stalin ranging from their private and public selves their ascents to power and consolidation of absolute rule to their waging of massive war and creation of far flung empires of camps and prisons The Nazi extermination camps and the vast Soviet Gulag represent the two dictatorships in their most inhuman form Overy shows us the human and historical roots of these evils

Hitler's Pope John Cornwell, 2000 Draws on secret archives to present a record of the career of Pope Pius XII showing his collaboration with the Nazis and his anti-Semitism and discusses his continuing influence

Complicity in the Holocaust Robert P. Ericksen, 2012-02-05 In one of the darker aspects of Nazi Germany churches and universities generally respected institutions grew to accept and support Nazi ideology Complicity in the Holocaust describes how the state's intellectual and spiritual leaders enthusiastically partnered with Hitler's regime becoming active participants in the persecution of Jews effectively giving Germans permission to participate in the Nazi regime Ericksen also examines Germany's deeply flawed yet successful postwar policy of denazification in these institutions

The Totalitarian Experiment in Twentieth Century Europe David Roberts, 2006-04-27 By developing a long term supranational perspective this ambitious multi faceted work provides a new understanding of totalitarianism the troubling common element linking Soviet communism Italian fascism and German Nazism The book's original analysis of antecedent ideas on the subject sheds light on the common origins and practices of the regimes Through this fresh appreciation of their initial frame of mind Roberts demonstrates how the three political experiments yielded unprecedented collective mobilization but also a characteristic combination of radicalization myth making and failure Providing deep historical analysis the book proves that totalitarianism best characterizes the common features in the originating aspirations the mode of action and even the outcomes of Soviet communism Italian fascism and German Nazism By enhancing our knowledge of what totalitarianism was and where it came from Roberts affords important lessons about the ongoing challenges possibilities and dangers of the modern political experiment

The Totalitarian Experiment in Twentieth-century Europe David D. Roberts, 2006 By assessing totalitarianism in a more deeply historical way this study suggests how we might learn further lessons from this troubling phase of modern political development Jacket

The Pius War Joseph Bottum, David G. Dalin, 2010-03-16 In the brutal fight that has raged in recent years over the reputation of Pope Pius XII leader of the Catholic Church during World

War II the Holocaust and the early years of the Cold War the task of defending the Pope has fallen primarily to reviewers. These reviewers formulated a brilliant response to the attack on Pius but their work was scattered in various newspapers, magazines and scholarly journals making it nearly impossible for the average reader to gauge the results. In *The Pius War* Joseph Bottum has joined with Rabbi David G. Dalin to gather a representative and powerful sample of these reviews deliberately chosen from a wide range of publications. Together with a team of professors, historians and other experts, the reviewers conclusively investigate the claims attacking Pius XII. *The Pius War* and a detailed annotated bibliography that follows will prove to be a definitive tool for scholars and students destined to become a major resource for anyone interested in questions of Catholicism, the Holocaust and World War II.

Church Resistance to Nazism in Norway, 1940-1945 Arne Hassing, 2014-02-01. Church Resistance to Nazism in Norway 1940-1945 examines the evolution of the Lutheran state Church of Norway in response to the German occupation. While German Protestant churches generally accepted Nazism and state incorporation, Norway's churches rejected both Nazism and ideological alignment. Arne Hassing moves through the history of the Church of Norway's relationship to the Nazi state from its initial confused complicity to its open resistance and separation. He writes engagingly of the people at the center of this struggle and reflects on how the resistance affected the postwar church and state.

Christianity and Democracy John W. De Gruchy, 1995-06. The need for global democratisation is now widely recognised but there is considerable debate about what this means and how it can be achieved. In this important study John de Gruchy examines the historic and contemporary roles of Christianity in the development of democracy. He traces the gestation of modern democracy in medieval Christendom and then describes the virtual breakdown of the relationship as democracy becomes the polity of modernity. Five twentieth-century case studies—the USA, Nicaragua, sub-Saharan Africa, Germany and South Africa—demonstrate the extent to which ecumenical Christianity has begun to reconnect with democracy and act as its contemporary midwife. De Gruchy argues that democracy needs to rediscover its spiritual heritage while Christianity needs to develop a theology adequate for its participation in the realisation of a just democratic world order.

Two Beasts, Three Deadly Wounds, and Fourteen Popes Russell R. Standish, Colin D. Standish, 2001.

Reforming Rome Donald W. Norwood, 2015-01-16. Few people realize that Karl Barth, one of the twentieth century's greatest Protestant theologians, was among a select group of non-Catholic guests who were invited to the Second Vatican Council 1962-65 to assist in the reform and renewal of the Roman Catholic Church. In *Reforming Rome* Donald Norwood offers the first book-length study of Barth's involvement with Vatican II and his significant impact on the reform of the Catholic Church. Norwood examines Barth's critical engagement with the Roman Catholic Church from his time at the Catholic University of Münster to his connection with Vatican II, his conversations with Pope Paul VI and seminars and interviews he gave about the Council afterward. On the basis of extensive research, Norwood amplifies Barth's own very brief account of Vatican II. Barth himself often felt that he was better understood by Roman Catholics such as Hans Küng and Hans Urs

von Balthasar and Joseph Ratzinger than he was by his own Reformed colleagues This study written by a fellow Reformed theologian helps us to see why

The Third Reich Martin Kitchen, 2014-01-14 The twelve years of the Third Reich casts a dark shadow over history Fierce debates still rage over many of the hows whys and wherefores of this perplexing period Leading expert on German history Martin Kitchen provides a concise accessible and provocative account of Nazi Germany It takes into account the political social economic and cultural ramifications and sets it within the context of the times while pointing out those areas that still defy our understanding This lively account addresses major issues such as the reasons for Hitlers extraordinary popularity his hold over the German people even when all seemed lost the role of ideology the cooption of the elites and the descent into war for race and space culminating in the horrors of the holocaust

Faith and Fatherland Kyle Jantzen, 2008 An informative glimpse into the world of German Protestants in the difficult Hitler era Faith and Fatherland approaches the history of the Church Struggle from the bottom up using sources like pastors correspondence parish newsletters local newspaper accounts district superintendents reports and local church statistics While Jantzen confirms the general understanding that German Protestants failed to resist or even critique the Nazi regime he reveals a surprising diversity of opinion and variety of action including the successful efforts of some Lutheran pastors and parishioners to resist the nazification of their churches

George Bell, Bishop of Chichester Andrew Chandler, 2016 The story of a significant British church leader who fought for justice and freedom during World War II It was to George Bell an English bishop that Dietrich Bonhoeffer sent his last words before he was executed at the Flossenbrg concentration camp in April 1945 Why he did so becomes clear from Andrew Chandler s new biography of George Kennedy Allen Bell 1883 1958 As he traces the arc of Bell s life Chandler reshapes our perspective on Bonhoeffer s life and times In addition to serving as bishop of Chichester Bell was an internationalist and ecumenical leader one of the great Christian humanists of the twentieth century a tenacious critic of the obliteration bombing of enemy cities during World War II and a key ally of those who struggled for years to resist Hitler in Germany itself This inspiring biography raises important questions that still haunt the moral imagination today When should the word of protest be spoken When should nations go to war and how should they fight What are our obligations to the victims of dictators and international conflict

History vs. Apologetics David Cymet, 2012-07-10 Set within the context of the political and ideological developments of the time History vs Apologetics examines the role played by the Catholic Church in the rise and consolidation of the Third Reich and in particular with regard to the Nazi persecution of the Jews Distanced in the beginning the Catholic Church and the Nazi party drew closer as Hitler s popularity increased At the ratification of the Concordat in Rome a commitment not to interfere with the Nazis Final Solution to the Jewish Question was traded for a verbal promise from Berlin to exclude the baptized converts While the Nazi government violated the Concordat at every turn the Church kept zealously its promise Pope Pius XII never mentioned the persecuted Jews by name and denied any knowledge of the annihilation of the Jews Even after the war Pius XII refused to

condemn anti-Semitism and Germany's role in the Holocaust. Instead, the Vatican engaged in the protection of genocide perpetrators and assisted in their mass escape. David Cymet's comprehensive critical analysis of the polemical literature on the topic makes it possible to separate legitimate history from apologetic allegations and misrepresentations, bringing to light key elements of Church policy that is intentionally misinterpreted by apologists. By surveying the Church's policy from just before the rise of Nazism to the present, Cymet demonstrates how the Nazis were able to turn the Catholic Church into their ally in their war against the Jews. *A Church Divided* Matthew D. Hockenos, 2004-10-20. This book closely examines the turmoil in the German Protestant churches in the immediate postwar years as they attempted to come to terms with the recent past. Reeling from the impact of war, the churches addressed the consequences of cooperation with the regime and the treatment of Jews. In Germany, the Protestant Church consisted of 28 autonomous regional churches. During the Nazi years, these churches formed into various alliances. One group, the German Christian Church, openly aligned itself with the Nazis. The rest were cautiously opposed to the regime or tried to remain noncommittal. The internal debates, however, involved every group and centered on issues of belief that were important to all. Important theologians such as Karl Barth were instrumental in pressing these issues forward. While not an exhaustive study of Protestantism during the Nazi years, *A Church Divided* breaks new ground in the discussion of responsibility, guilt, and the Nazi past. *Bombing Hitler's Hometown* Mike Croissant, 2025-03-27. A visceral account of the white-knuckled bombing mission carried out on Hitler's hometown. In April 1945, Linz was one of Nazi Germany's most vital assets: a crucial transportation hub and communications centre, its rail yards brimming with war materiel destined for the front lines. Linz was also the town Hitler claimed as home. Inevitably, it was one of the most heavily defended targets remaining in Europe. In their unheated, unpressurized B-24 Liberators and B-17 Flying Fortresses, heavy bombers, the young men of the US Fifteenth Air Force battled elements as dangerous as anything the Germans could throw at them. When batteries of German anti-aircraft guns did open fire, the men flew into a man-made hell of exploding shrapnel. Drawing on interviews with dozens of surviving World War II veterans and residents of Linz, as well as previously unpublished sources, Mike Croissant compellingly relates one of the war's last truly untold stories: a gripping chronicle of warfare and a timeless tale of courage and terror, loss and redemption. With a foreword by Richard Overly, author of *The Bombers and the Bombed*. *The Dialectic of the Holy* Robert E. Meditz, 2016-09-12. This is the first published book-length treatment on Paul Tillich and Judaism, which is a neglected aspect of Tillich's thought. It has three compelling features. First, pivotal biographical details show the importance of Judaism for Tillich and that he ardently opposed anti-Semitism before WWII and after the Holocaust. Second, Tillich's theological method is examined in key primary sources to show how he maintains continuity between Judaism and Christianity. The primary source analysis includes his 1910 and 1912 dissertations on Schelling, the 1933 *The Socialist Decision*, the 1952 Berlin lectures on the Jewish Question, and his final public lecture on the importance of the history of religion for systematic theology. Particular attention is paid to his dialectical and theological

history of religion Third Tillich's positive theology of Judaism contrasts sharply with the many complex negative ways in which Judaism is portrayed in Western thought This contributes significantly to our understanding the evolving history of Christian anti Judaism **Joining Hitler's Crusade** David Stahel,2018 A ground breaking study that looks at why European nations sent troops to take part in Hitler's invasion of the Soviet Union **Cruel World** Lynn H. Nicholas,2011-05-25 To be a child in mid twentieth century Europe was to be not a person but an object available for use in the service of the totalitarian state Very soon after Adolf Hitler came to power policies of eugenic selection and euthanasia began to weed ill or disabled children out of the New Order by poison gas and starvation Defect free good blood children were subjected to an education based on racism propaganda and the glorification of the Führer and were deliberately deprived of free time that would allow independent thought or action Once the war began Nordic looking children were kidnapped from families in the conquered lands and subjected to Germanization Meanwhile hundreds of thousands of bad blood children Jews Gypsies Poles Ukrainians Russians were separated from their families and condemned to forced migration slave labor sadistic experiments starvation and mass execution At the end of the war uprooted children of every origin wandered the bombed out cities and countryside some having been taken from home at such a young age that they did not know where they had come from or even their own names Millions surged into and out of DP camps exploited by political and religious groups while the Allies and the fledgling United Nations tried mightily to put families back together and to find new homes for the orphans All the riveting narrative skill and impeccable scholarship that distinguished Lynn Nicholas's first book *The Rape of Europa* winner of the National Book Critics Circle Award for nonfiction are present in her study of these terrible crimes against humanity To research this story she has delved into the governmental and military archives of many nations and has interviewed countless individuals She shows the relationship of the deadly Nazi policies to the brutal tactics used in the USSR in the 1930s and to their rehearsal in the Spanish Civil War and vividly describes the abject failure of Hitler's campaign to plant Germanizing colonies in the conquered nations She gives us the stories of survivors of ghastly war spawned famines in Greece and Russia in the 1940s Holland in the Hunger Winter of 1945 and Berlin in the Airlift year of 1949 and of British French and Dutch children who were evacuated to the countryside boys and girls sent alone from Europe to England on the Kindertransports the teenaged soldiers of the Reich the small veterans of the quarries the factories and the camps as well as those who survived in lonely hiding In *Cruel World* Lynn Nicholas shows us clearly and with passionate empathy for the innocent victims the crimes against children that inevitably result when ideology overwhelms humanity This powerful book as it recounts the waking nightmare that enmeshed the lives of Europe's boys and girls bears witness to our own responsibility to the children of the twenty first century
