Rescue 911 Humorous Rescues:

Rescue 911 R. M. Ferrara,1995 Based on actual events from the Rescue 911 television show Rescue 911 Michael Morse,2017-10-10 First responders often don't tell stories preferring to keep what happens at work private Rescue Captain Michael Morse changes that with these heartfelt descriptions of hundreds of emergency calls with the usual coverings peeled back exposing the bizarre heartbreaking and often hilarious reactions to 911 emergencies **Colton 911: Cowboy's Rescue** Marie Ferrarella,2019-07-01 When a map leads a woman into disaster the only one who can rescue her is a sexy cowboy in this romantic suspense series opener When Magnolia Maggie Reeves receives a puzzling map from her former father in law she can't resist searching for clues even in a hurricane Fortunately search and rescue cowboy Jonah Colton is there to save the day But when the duo find a mummified body they're plunged straight into an abyss of danger And even as they stumble headlong into a dazzling attraction they're also fighting for their lives *Narrative Across Media* Marie-Laure Ryan,James Ruppert,John W. Bernet,2004-01-01 Narratology has been conceived from its earliest days as a project that transcends disciplines and media The essays gathered here address the question of how narrative migrates mutates and creates meaning as it is expressed across various media Dividing the inquiry into five areas face to face narrative still pictures moving pictures music and digital media *Narrative across Media* investigates how the intrinsic properties of the supporting medium shape the form of narrative and affect the narrative experience Unlike other interdisciplinary approaches to narrative studies all of which have tended to concentrate on narrative across language supported fields this unique collection provides a much needed analysis of how narrative operates when expressed through visual gestural electronic and musical means In doing so the collection redefines the act of storytelling Although the fields of media and narrative studies have been invigorated by a variety of theoretical approaches this volume seeks to avoid a dominant theoretical bias by providing instead a collection of concrete studies that inspire a direct look at texts rather than relying on a particular theory of interpretation A contribution to both narrative and media studies *Narrative across Media* is the first attempt to bridge the two disciplines Reality TV Susan Murray,Laurie Ouellette,2009 A collection of essays which provide a comprehensive picture of how and why the genre of reality television emerged what it means how it differs from earlier television programming and how it engages societies industries and individuals Rescue 911 Alison Hendrie,1993 Based on stories from the Rescue 911 television show six kids who have saved a life **The Perverse Gaze of Sympathy** Laura Hinton,1999-09-30 Offers a new interpretation of sympathy as an instrument for investigating contemporary culture gender and visual technique *Variety TV REV 1991-92* 17 Prouty,1994-03 First published in 1994 Routledge is an imprint of Taylor Francis an informa company **Writing at the End of the World** Richard E. Miller,2005-10-23 What do the humanities have to offer in the twenty first century Are there compelling reasons to go on teaching the literate arts when the schools themselves have become battlefields Does it make sense to go on writing when the world itself is overrun with books

that no one reads In these simultaneously personal and erudite reflections on the future of higher education Richard E Miller moves from the headlines to the classroom focusing in on how teachers and students alike confront the existential challenge of making life meaningful In meditating on the violent events that now dominate our daily lives school shootings suicide bombings terrorist attacks contemporary warfare Miller prompts a reconsideration of the role that institutions of higher education play in shaping our daily experiences and asks us to reimagine the humanities as centrally important to the maintenance of a compassionate secular society By concentrating on those moments when individuals and institutions meet and violence results Writing at the End of the World provides the framework that students and teachers require to engage in the work of building a better future
