## Rescue In Denmark:

**Rescue in Denmark** Harold Flender, 2019-08-09 German troops entered Denmark a country of four and a half million persons on April 9 1940 and three years passed before the purge against Danish Jews was begun On the night of October 1 1943 the Nazi boot kicked open doors in rooms largely empty Only a fraction of the Danish Jews 472 were caught and sent to Theresienstadt Concentration Camp where 53 of them died The remaining 7 500 escaped thanks to one German and several thousands of their countrymen How That was the question that puzzled the American journalist and television writer Harold Flender He returned to Denmark for intensive research among rescuers and rescued and in archives This book is the result Flender brings out the risks and agonies the drama and the heroism in straight professional reporting a well done work Poul Lassen The New York Times One of the most exciting books about the frustration of the Nazis that has come out in a long time a fabulous story Wilmington News A marvelous story Chicago Tribune As thrilling as it is uplifting The Christian Science Monitor Heartwarming story told in thrilling detail should be read by everyone Cleveland Plain Dealer Inspiring and little known story Columbus Dispatch Remarkable account of human courage and decency The Denver Post Powerful heart warming one of the best and most starring stories out of the Nazi terror Grand Junction Daily Sentinel A graphic story of one of history s greatest rescues Hartford Times Suspenseful lifts the spirit a rewarding book Honolulu Star Bulletin Advertiser Simple dramatic and moving One of the most exciting and heartening stories to come out of the war The London Observer Impossible to stop reading Everybody should read it The London Spectator An inspiring story of courage and good will Library Journal Remarkable Effectively and comprehensively told Los Angeles Times A book that exceeds in fascination as well as strangeness and truth any current work of fiction National Jewish Post Opinion Is stranger than fiction Norfolk Virginian Pilot Definitely should be read Philadelphia Bulletin Very moving and exciting Publishers Weekly Dramatic well written account Roanoke Times Exciting and well documented Sacramento Bee Moving true story of adventure and devotion St Petersburg Times Easy to read and as exciting as any work of fiction Yorkshire Evening Press UK **Courage to Act** Museum of Jewish Heritage - A Living Memorial to the Holocaust, Steve Sheinkin, 2023-10-15 In the small nation of Denmark young people and adults Jewish and non Jewish alike staged one of the greatest rescue operations of all time It took place during World War II as Nazi Germany conquered much of the continent of Europe Nazis hated anyone who was different from them especially Jews and tried to destroy the continent s entire Jewish population But thousands of people in Denmark refused to allow themselves and their Jewish neighbors to be singled out for persecution *The Rescue of the Danish Jews* Leo Goldberger, 1987 An immensely valuable contribution As the last generation of witnesses to the Holocaust testify to its horrors they must also testify to its heroes those who risked all to save lives These movingly told stories restore our faith in the human spirit William Shirer The mystery of the rescue phenomenon will probably always elude us As the rescuers narratives in this remarkable volume show the acts of saving Jews seemed spontaneous and natural and thus the mystery of

the rescue act begins to unravel radiantly The insights which this interdisciplinary collection of essays subtly pieces together s how in unique fashion the preconditions or the possibilities of individual and collective courage Dennis B Klein author of Jewish Origins of the Psychoanalytic Movement A distinguished group of internationally known individuals Jews and non Jews rescuers and rescued offer their enriching first person accounts and reflections that explore the question Why did the Danes risk their lives to rescue the Jewish population Darkness Over Denmark Ellen Levine,2000 An account of people in Denmark who risked their lives to protect and rescue their Jewish neighbors from the Nazis during World War II Hour of Need Ralph Shayne,2023-09-12 Hour of Need is a graphic novel telling the true story of the resistance to Nazi rule in Denmark during World War II and the heroes that saved the Danish Jews by helping them evacuate to Sweden In the Hans Christian Andersen fairy tale legend had it that should danger ever come to Denmark the mighty warrior Holger Danske promised to wake from his centuries long slumber to protect its citizens When the Nazis move to round up young Mette and her fellow Danish Jews in a surprise raid in 1943 after years of letting Denmark rule its people her father must make life and death decisions to save his family Overnight they have become refugees at the mercy of the complete strangers they meet during their escape The mythical Holger Danske s promise to the Danish people manifests in the compassion and bravery of a school teacher turned resistance leader and other ordinary citizens who bravely defy the Nazi regime to come to her rescue in her hour of need Told from the point of view of Mette returning to Denmark years later with her grandchildren Hour of Need tells the story of how the people of an occupied nation from king to fisherman risked their lives to evacuate their Jewish countrymen to Sweden in small fishing boats Hour of Need is a tribute to the heroes that saved the Danish Jews and how humanity triumphs in the darkest hours Developed in partnership with the Illinois Holocaust Museum and Education Center Find out more at [ilholocaustmuseum.org](http://ilholocaustmuseum.org) **Nordic Traces in Israel** Orna Keren-Carmel,2024-11-28 For many years historians have not given due attention to the relations between the Nordic countries and Israel As a consequence the existing body of research on this topic is almost entirely conducted by scholars from the social sciences especially international relations and conflict resolution studies a fact that has led to an overemphasis on their occasional interstate political disputes This book offers a fresh and exciting historical analysis of their relations during the three decades following Israel s establishment in 1948 focusing on their connection points and mutual influences in various fields Furthermore it is mapping Israel geographically according to the traces of diverse Nordic Israeli initiatives throughout the years In recent years scholarship on Nordic studies has yielded new research areas regarding the influence of these countries on other parts of the world and vice versa Nordic policies attitudes and experience have been analyzed in the framework of knowledge circulation and this in turn sparked a renewed scholarly interest in the Nordic model s The book fits into this stream of research by arguing that close historical investigation helps to construct and sometimes also deconstruct the fluid definition of the Nordic model s By focusing on the intersection between Israel studies and Nordic studies it provides insights into the

complex yet fascinating relations that developed between these countries since the mid twentieth century *Denmark* International Monetary Fund. European Dept.,2013-01-23 The global financial crisis hit Denmark hard and the recovery has been slow and unsteady Denmark s slow growth predates the recent economic crisis and the economy has underperformed its regional peers The current account remains in surplus largely reflecting weak domestic demand since the crisis and strong net income Monetary policy is based on maintaining a tight peg to the euro Denmark s financial system has rebuilt capital but still has substantial vulnerabilities Potential growth is expected to recover gradually **Unlikely Heroes** Ari Kohen,Gerald Steinacher,2019-01-01 Classes and books on the Holocaust often center on the experiences of victims perpetrators and bystanders but rescuers also occupy a prominent space in Holocaust courses and literature even though incidents of rescue were relatively few and rescuers constituted less than 1 percent of the population in Nazi occupied Europe As inspiring figures and role models rescuers challenge us to consider how we would act if we found ourselves in similarly perilous situations of grave moral import Their stories speak to us and move us Yet this was not always the case Seventy years ago these brave men and women today regarded as the Righteous Among the Nations went largely unrecognized indeed sometimes they were even singled out for abuse from their co nationals for their selfless actions **Unlikely Heroes** traces the evolution of the humanitarian hero looking at the ways in which historians politicians and filmmakers have treated individual rescuers like Raoul Wallenberg and Oskar Schindler as well as the rescue efforts of humanitarian organizations Contributors in this edited collection also explore classroom possibilities for dealing with the role of rescuers at both the university and the secondary level **The Jewish Holocaust** Marty Bloomberg,Buckley Barry Barrett,1995-01-01 This expanded edition of the guide to major books in English on the Holocaust is organized into ten subject areas reference materials European antisemitism background materials the Holocaust years Jewish resistance **The World Jewish Congress during the Holocaust** Zohar Segev,2014-07-14 Drawing on hitherto neglected archival materials Zohar Segev sheds new light on the policy of the World Jewish Congress WJC during the Holocaust Contrary to popular belief he can show that there was an impressive system of previously unknown rescue efforts Even more so there is evidence for an alternative pattern for modern Jewish existence in the thinking and policy of the World Jewish Congress WJC leaders supported the establishment of a Jewish state in Palestine but did not see it as an end in itself They strove to establish a Jewish state and to rehabilitate Diaspora Jewish life two goals they saw as mutually complementary The efforts of the WJC are put into the context of the serious difficulties facing the American Jewish community and its representative institutions during and after the war as they tried to act as an ethnic minority within American society *The Holocaust as Active Memory* Marie Louise Seeberg,Irene Levin,Claudia Lenz,2016-03-09 The ways in which memories of the Holocaust have been communicated represented and used have changed dramatically over the years From such memories being neglected and silenced in most of Europe until the 1970s each country has subsequently gone through a process of cultural

political and pedagogical awareness rising This culminated in the Stockholm conference on Holocaust commemoration in 2000 which resulted in the constitution of a task force dedicated to transmitting and teaching knowledge and awareness about the Holocaust on a global scale The silence surrounding private memories of the Holocaust has also been challenged in many families What are the catalysts that trigger a change from silence to discussion of the Holocaust What happens when we talk its invisibility away How are memories of the Holocaust reflected in different social environments Who asks questions about memories of the Holocaust and which answers do they find at which point in time and from which past and present positions related to their societies and to the phenomenon in question This book highlights the contexts in which such questions are asked By introducing the concept of active memory this book contributes to recent developments in memory studies where memory is increasingly viewed not in isolation but as a dynamic and relational part of human lives

A History of the Holocaust Saul S. Friedman, 2004 A History of the Holocaust is a detailed factual account of what happened across Europe during the Holocaust with balanced coverage of each country The Holocaust was unique within the context of the Second World War because Jews were disproportionately represented among the civilian casualties in that conflict Over fifty million people died as a result of the application of total war Twelve per cent of these were Jews At the time Jews constituted less than one quarter of one per cent of the world's population This book is intended as a textbook not a philosophical interpretation of the Holocaust Written in a highly accessible style it is addressed to students and will inspire them to read more about the subject and to question the problems of the world

*The Holocaust* Seymour Rossel, 1992 Discusses the rise of anti-Semitism in Europe the treatment of Jews during the Holocaust and the aftermath when the Nazi war criminals were brought to trial

*The Holocaust Encyclopedia* Baumel Judith Tydor Laqueur Walter, Walter Laqueur, Judith Tydor Baumel, 2001 The Holocaust has been the subject of countless books works of art and memorials Fifty-five years after the fact the world still ponders the enormity of this disaster The Holocaust Encyclopedia is the only comprehensive single volume work of reference providing both a reflective overview of the subject and abundant detail concerning major events policy decisions cities and individuals Up to date and designed for easy access the encyclopedia presents information on the major aspects of the Holocaust in essays by scholars from eleven countries who draw on a number of sources including recently uncovered evidence from the former Soviet bloc to provide in depth studies on the political social religious and moral issues of the Holocaust as well as short entries identifying events sites and individuals The book also has more than 250 photographs many of them rare and 19 maps The volume includes Raul Hilberg on concentration camps and Gypsies Ruth Bondy Israel Gutman and Dina Porat on major ghettos Roger Greenspan on the Holocaust in cinema and television Richard Breitman on American policy Michael Berenbaum on theological and philosophical responses Saul Friedlander on Nazi policy Michael Hagemeister on the Protocols of the Elders of Zion Michael R Marrus on historiography Christopher R Browning on the Madagascar Plan Robert S Wistrich on Holocaust denial James E

Young on Holocaust literature      **Holocaust a History** Deborah Dwork,Robert Jan Pelt,2003-08-26 Unrivalled in scope  
Holocaust is a story of all Europe of the vast sweep of events in which this great atrocity was rooted from the Middle Ages to  
the modern era      **A Conspiracy of Decency** Emmy E. Werner,2002-11-06 The dramatic and compelling rescue of the  
Danish Jews from the hands of the Nazis told through firsthand accounts and personal stories      **Denmark** ,1891      **The  
Denmark Vesey Affair** Egerton, Douglas R.,Robert L. Paquette,2022-10-26 Annotating and interpreting a vast collection of  
documents that illuminate and contextualize the 1822 Denmark Vesey plot the editors of this volume argue that this  
landmark event was one of the most sophisticated acts of collective slave resistance in the history of the United States  
    **Nazi Europe and the Final Solution** David Bankier,Israel Gutman,2009 In recent years scholars and researchers have  
turned their attention to the attitudes of ordinary men and women A during the period of the persecution of the Jews in  
occupied Europe This comprehensive work addresses the disturbing question of how people reacted when their neighbours  
were ostracized humiliated deported and later murdered      **Denmark & the Faroe Islands** Lonely Planet,
