Neo-Victorian Families Christian Gutleben, 2011 Tracing representations of reimagined Victorian families in literature film and television and social discourse this collection the second volume in Rodopi's Neo Victorian Series analyses the historical trajectory of persistent but increasingly contested cultural myths that coalesce around the heterosexual couple and nuclear family as the supposed normative foundation of communities and nations past and present It sheds new light on the significance of families as a source of fluctuating cultural capital deployed in diverse arenas from political debates social policy and identity politics to equal rights activism and analyses how residual as well as emergent ideologies of family are mediated and critiqued by contemporary arts and popular culture This volume will be of interest to researchers and students of neo Victorian studies as well as scholars in contemporary literature and film studies cultural studies and the history of the family Situating the nineteenth century family both as a site of debilitating trauma and the means of ethical resistance against multivalent forms of oppression neo Victorian texts display a fascinating proliferation of alternative family models albeit overshadowed by the apparent recalcitrance of familial ideologies to the same historical changes neo Victorianism reflects and seeks to promote within the cultural imaginary

Rethinking Rescue Carol Mithers, 2025-08-05 *Rethinking Rescue* boldly confronts two of the biggest challenges of our time poverty and

homelessness in asking the question Who deserves the love of a pet In Los Angeles s most underserved communities Lori Weise is known as the Dog Lady the woman who s spent decades caring for people in poverty and the animals that love them Long before anyone else Weise grasped that animal and human suffering are inextricably connected and created a new rescue narrative an enduring safety net empowering pet owners and providing resources to reduce the number of pets coming into shelters Rethinking Rescue Dog Lady and the Story of America s Forgotten People and Pets unites the causes of animal welfare and social justice moving between Weise s story and that of the larger U S rescue movement Through captivating storytelling and investigative reporting Carol Mithers examines the consequences of bias within this overwhelmingly white movement where an overemphasis on placing animals in affluent homes disregards pet owners in poverty Weise s innovative and ultimately triumphant efforts revealed a better way As cities across the country witness some of the worst housing crises in history and as the population of unhoused people and pets continues to skyrocket Rethinking Rescue offers a story of compassion and hope

Of Duty Well and Faithfully Done Clayton R. Newell, Charles R. Shrader, 2011-07-01 On the eve of the Civil War the Regular Army of the United States was small dispersed untrained for large scale operations and woefully unprepared to suppress the rebellion of the secessionist states Although the Regular Army expanded significantly during the war reaching nearly sixty seven thousand men it was necessary to form an enormous army of state volunteers that overshadowed the Regulars and bore most of the combat burden Nevertheless the Regular Army played several critically important roles notably providing leaders and exemplars for the Volunteers and managing the administration and logistics of the entire Union Army In this first comprehensive study of the Regular Army in the Civil War Clayton R Newell and Charles R Shrader focus primarily on the organizational history of the Regular Army and how it changed as an institution during the war to emerge afterward as a reorganized and permanently expanded force The eminent award winning military historian Edward M Coffman provides a foreword

Affinities Jennifer Mason, 2018-03-16 How is it possible to feel an affinity with a place What is happening when someone feels almost literally transported to another time by a smell or a texture or a song Why do striking family resemblances sometimes feel uncanny In each of these cases a potent connection is being made involving forces flows energies and atmospherics that conventional sociological approaches can find hard to grasp but that are important nonetheless In this innovative book Jennifer Mason argues that these are affinities potent charges and charismatically lively connections in personal life that rise up and matter in some way and that enchant or toxify the everyday She suggests that exploring

affinities opens up new possibilities for conceptualizing the experience of living in the world through what she calls the socio atmospherics of everyday life This book invites the reader to embrace possibilities and themes that may seem outside the usual range and to engage in a more open attentive inventive and poetic sociological sensibility **A Session by Session Guide to Life Story Work** Gillian Shotton, 2020-10-12 Life story work is a term often used to describe an approach that helps looked after and adopted children to talk and learn about their life experiences with the help of a trusted adult This book is an essential step by step guide for carers and professionals seeking to carry out life story work with a traumatised or vulnerable child in their care Underpinned by positive psychology and drawing on up to date research and real life practice the book offers a sound theoretical understanding of life story work as well as a practical and easy to use programme of sessions Each session covers the equipment and information needed a consideration of who is best placed to carry out the work and answers to commonly raised questions Also discussed are age appropriate approaches and ideas for extending each session into other activities and methods to make it more feasible for life story work to be a shared activity between two or three adults who know the child well This book gives professionals and carers the confidence to carry out life story work in a way that is sensitive to the child s needs and positive for their self perception and relationships Security in Virtual Worlds, 3D Webs, and Immersive Environments: Models for Development, Interaction, and Management Rea, Alan, 2010-11-30 Although one finds much discussion and research on the features and functionality of Rich Internet Applications RIAs the 3D Web Immersive Environments e g MMORPGs and Virtual Worlds in both scholarly and popular publications very little is written about the issues and techniques one must consider when creating deploying interacting within and managing them securely Security in Virtual Worlds 3D Webs and Immersive Environments Models for Development Interaction and Management brings together the issues that managers practitioners and researchers must consider when planning implementing working within and managing these promising virtual technologies for secure processes and initiatives This publication discusses the uses and potential of these virtual technologies and examines secure policy formation and practices that can be applied specifically to each **Granular Modernism** Beci Carver, 2014-11-27 Granular Modernism understands the way that some Modernist texts put themselves together as a way of pulling themselves apart In this volume Beci Carver offers a new way of reading Modernist novels and poems by drawing attention to the anomalies that make them difficult to summarise or simplify Carver proposes that rather than trying to find the shapes of narrative or argument in their writing the Granular Modernists namely Joseph Conrad William Gerhardie Evelyn Waugh Henry Green T S Eliot W H Auden and Samuel Beckett experiment in certain of their works in finding the shapelessness of a moment in history that increasingly confidently called itself modern which was to call itself shapeless The project of Modernism in the late nineteenth and the first half of the twentieth century was to find a story to tell about an era full of beginnings The project of Granular Modernism was to find a way of turning the inchoateness of the modern moment into art

Granular Modernism takes from the Naturalist movements of the nineteenth and early twentieth century its attentiveness to the process of mundane experiences like eating or waiting But where Naturalism sets out to offer a complete picture of a way of life Granular Modernism's eating and waiting fail to amount to anything more to paraphrase Evelyn Waugh The most they can hope for is a cumulative futility Frank Norris once described one of Stephen Crane's narrators as a locust in a grain elevator attempting to empty the silo by carrying off one grain at a time Norris is being dismissive But his image of pointless meticulous indefinite manoeuvre potentially defines the ambition of the Granular Modernists **Dodo** Anna TC
