Rescue Pilot:

Rescue Pilot Jerry Grayson, 2015-03-12 Jerry Grayson is an ordinary man who chose an extraordinary career. At age 17 he became the youngest helicopter pilot to ever serve in the Royal Navy. By age 25 he was the most decorated peacetime naval pilot in history. For the Navy's Search and Rescue pilots, getting to work is both an adventure and an ordeal. Whether rescuing a wounded fighter pilot who has ditched in the sea, saving desperate survivors from a sinking ship, or picking up a grievously ill crewman from the deck of a nuclear armed submarine, that is playing a cat and mouse game with the Soviet navy. Jerry Grayson has lived a life of unparalleled excitement and adventure. His finest hour came during the infamous Fastnet Yacht Race of 1979 in which 25 yachts were lost. When a catastrophic storm enveloped the competitors, he and his crew pushed their Wessex helicopter to its absolute limits and put their own lives at risk, flying into hurricane force winds to winch shipwrecked sailors from heaving tempestuous seas. An investiture at Buckingham Palace with Her Majesty the Queen was the result. Being a Rescue Pilot is a fast paced career because there is no choice. Lives are at stake and pilots must move and think fast. Jerry Grayson's inside view of this heroic service is as inspirational as it is celebratory. Excitingly told, frequently funny, but also very poignant, Jerry's story is not an account of just one man's deeds; it is a salute to all the men and women he worked with who were able to turn tragedies into triumphs. Includes a Foreword by HRH The Duke of York, Prince Andrew, Commodore in Chief of the Fleet Air Arm. Wilderness Rescue Pilot Patrick Perish, 2015-01-01 When people are stranded in remote locations, it's time to call in the wilderness rescue pilots. These gutsy flyers often travel around rough terrain and in severe weather to find people in danger. One small mistake could send their aircraft crashing to the ground. Find out more about these brave pilots in this exciting title for reluctant readers.

Rescue Pilot John Funnell, 2016-10-03 The daring adventures of a New Zealand search and rescue pilot. Somewhere up ahead, a person is bleeding, but you have to put that out of your mind. Your job is negotiating with time and space. You have your clock; that person has their own, and in the end, whether the rate at which your clock is clicking matches theirs is out of your control. John Funnell is one of New Zealand's longest serving search and rescue pilots. Often referred to as a search and rescue daredevil, John has just retired after an incredible 49 years flying search and rescue helicopters. He is perhaps best known for the 800 kilometre mission to save a scientist attacked by a shark on the remote sub-Antarctic Campbell Island when he set off into the night knowing the distance was twice that of the helicopter's normal fuel range. Clocking an incredible 19,000 hours of flight time, John is a hero to hundreds of victims all over New Zealand. What's more, he's a natural born story teller, and his stories in *Rescue Pilot* are utterly gripping.
