Rescuers Speaking:

Rescuers Speaking Wilfred Harrison, 1997 Pp 1 19 contain an introduction by Harrison to the play a documentary about Holocaust rescuers first performed in London in July 1988 The play is based on research on the altruistic motivations and characters of rescuers as elucidated by Samuel p and Pearl M Oliner The stories or accounts of rescuers and partly of rescuees are taken directly from their responses to the questionnaire distributed by the Oliners Describes the background the writing and the presentation of the play *Rescue and Remembrance* Kobi Kabalek, 2025-01-07 In *Rescue and Remembrance* Kobi Kabalek examines how the rescue of Jews during the Holocaust has been understood and represented in Germany from the Nazi period to the present In many regions outside Germany a small number of known Holocaust rescuers are often held up as exemplars of broad pro Jewish sentiment among that country s population during World War II thereby projecting an image of national moral virtue Within Germany by contrast rescuers are often presented in both scholarship and public commemoration as a small minority their examples condemn the majority by showing what Germans could have done but did not do Kabalek argues that such simplistic depictions of the majority versus minority obscure the complex motivations and situations that led people in Nazi Germany to help persecuted Jews Against the view that the rescuers were forgotten after the war he shows that portrayals and interpretations of helping Jews appeared in various media and social discourses in East West and unified Germany and were used to actively debate questions of collective morality *Rescue and Remembrance* analyzes the varied and changing depictions of rescue in the distinct German polities from the Nazi period examining how the very notions of majority and collective were articulated and reformulated *Water Rescue: Principles and Practice to NFPA 1006 and 1670: Surface, Swiftwater, Dive, Ice, Surf, and Flood (includes Navigate Advantage Access)* Steve Treinish, 2021-03-30 The third edition of *Water Rescue Principles and Practice to NFPA 1006 and 1670 Surface Swiftwater Dive Ice Surf and Flood* is a complete resource for water rescue personnel and their organizations **Speaking of Death** Michael K. The Analysis of Performance Art Anthony Howell, A. Howell, 2013-11-05 This finely illustrated book offers a simple yet comprehensive grammar of a new discipline Performance Art first became popular in the fifties when artists began creating happenings Since then the artist as a performer has challenged many of the accepted rules of the theatre and radically altered our notion of what constitutes visual art This is the first publication to outline the essential characteristics of the field and to put forward a method for teaching the subject as a discipline distinct from dance drama painting or sculpture Taking the theory of primary and secondary colours as his model Anthony Howell posits three primaries of action and shows how these may be mixed to obtain a secondary range of actions Based on a taught course the system is designed for practical use in the studio and is also entertaining to explore Examples are cited from leading performance groups and practitioners such as Bobbie Baker Oran Stelarc Annie Sprinkle Robert Wilson Goat Island and Station House Opera This volume however is not just an illustrated grammar of action it also shows how the syntax of that grammar has psychoanalytic repercussions This enables the performer to relate the system to lived experience ensuring a realisation that meaning is being dealt with through these actions and that the system set forth is more than a dry structuring of the characteristics of movement Freud's notion of transference and Lacan's understanding of repetition are compared to a performer's usage of the same terms Thus the book provides a psychoanalytic critique of performance at the same time as it outlines an efficient method for creating live work on both fine art and theatre courses
