Rescuing Christine Alyssa Dean, 2011-07-15 HERO TO THE RESCUE Reporter Alec O Brian didn't believe Christine McKinley's life was in danger until his story about her led to another life threatening accident. It looked as if someone really wanted to hurt her. There was nothing for a hero to do except find out why ALEC'S PLAN INVOLVED RULES 1 They needed to escape to a secluded hideout 2 Alec needed to learn everything about Christine 3 Heated passionate lovemaking was highly recommended 4 Under no circumstances was Christine to fall in love with him Too late Alec realized he'd fallen in love. Once he finished rescuing Christine would she have any more use for a hero The Rescue and Romance Diana C.

Reep, 1982 This study of the rescue motif in popular American novels before World War I focuses on the rescue convention as part of the romantic plot of the novels. The rescue as a structured convention that controls the movement of the romantic plot appears in all types of domestic novels: gothics, dime novels, historical romances, and westerns **Emotions, Genre, Justice**

in Film and Television Deidre Pribram, 2012-05-23 Popular film and television are ideally suited in understanding how emotions create culturally shared meanings. Yet very little has been done in this area. Emotion, Genre, and Justice in Film and Television explores textual representations of emotions from a cultural perspective rather than in biological or psychological terms. It considers emotions as structures of feeling that are collectively shared and historically developed. Through their cultural meanings and uses, emotions enable social identities to be created and contested, to become fixed or alter. Popular narratives often take on emotional significance, aiding groups of people in recognizing or expressing what they feel and who they are. This book focuses on the justice genres: the generic network of film and television programs that are concerned with crime, law, and social order, to examine how fictional police detective and legal stories participate in collectively realized conceptions of emotion. A range of films, *Crash*, *Man on Fire*, and television series *Cold Case*, *Cagney*, and *Lacey* serve as case studies to explore contemporarily relevant representations of anger, fear, loss, and consolation and compassion **Ryan's**

Rescue Karen Leabo, 2011-07-15 WHO CAN YOU TRUST Christine Greenlow wasn't sure she knew anymore. In just a few days she'd been abducted from her spoiled little rich girl existence and then rescued, maybe by a man who might be every bit as dangerous as her kidnappers. All she really knew about Ryan Mulvaney was that he wasn't the innocent bystander he claimed to be. There was nothing innocent about this man. But he certainly had a way of making high speed car chases and even the occasional burst of gunfire downright exciting. And maybe when all this was over, if they were still alive, she'd show him a whole different kind of excitement *Demon Hunter* Richard Dawes, 2016-09-30

Chicago Frederik Byrn Køhlert,2021-09-23 Chicago occupies a central position in both the geography and literary history of the United States From its founding in 1833 through to its modern incarnation the city has served as both a thoroughfare for the nation s goods and a crossroads for its cultural energies The idea of Chicago as a crossroads of modern America is what guides this literary history which traces how writers have responded to a rapidly changing urban environment and labored to make sense of its place in and implications for the larger whole In writing that engages with the world s first skyscrapers and elevated railroads extreme economic and racial inequality a growing middle class ethnic and multiethnic neighborhoods the Great Migration of African Americans and the city s contemporary incarnation as a cosmopolitan urban center Chicago has been home to a diverse literature that has both captured and guided the themes of modern America Ethics at the Cinema Ward E. Jones,Samantha Vice,2011-01-07 The editors of Ethics at the Cinema invited a diverse group of moral philosophers and philosophers of film to engage with ethical issues raised within or within the process of viewing a single film of each contributor s choice The result is a unique collection of considerable breadth Discussions focus on both classic and modern films and topics range from problems of traditional concern to philosophers e g virtue justice and ideals to problems of traditional concern to filmmakers e g sexuality social belonging and cultural identity

The Chicago of Fiction James A. Kaser,2011-02-01 The importance of Chicago in American culture has made the city s place in the American imagination a crucial topic for literary scholars and cultural historians While databases of bibliographical information on Chicago centered fiction are available they are of little use to scholars researching works written before the 1980s In The Chicago of Fiction A Resource Guide James A Kaser provides detailed synopses for more than 1 200 works of fiction significantly set in Chicago and published between 1852 and 1980 The synopses include plot summaries names of major characters and an indication of physical settings An appendix provides bibliographical information for works dating from 1981 well into the 21st century while a biographical section provides basic information about the authors some of whom are obscure and would be difficult to find in other sources Written to assist researchers in locating works of fiction for analysis the plot summaries highlight ways in which the works touch on major aspects of social history and cultural studies i e class ethnicity gender immigrant experience and race The book is also a useful reader advisory tool for librarians and readers who want to identify materials for leisure reading particularly since genre juvenile and young adult fiction as well as literary fiction are included *Black Female Sexualities* Trimiko Melancon,Joanne M. Braxton,2015-01-26 Western culture has long regarded black female sexuality with a strange mix of fascination and condemnation associating it with everything from desirability hypersexuality and liberation to vulgarity recklessness and disease Yet even as their bodies and sexualities have been the subject of countless public discourses black women s voices have been largely marginalized in these discussions In this groundbreaking collection feminist scholars from across the

academy come together to correct this omission illuminating black female sexual desires marked by agency and empowerment as well as pleasure and pain to reveal the ways black women regulate their sexual lives The twelve original essays in *Black Female Sexualities* reveal the diverse ways black women perceive experience and represent sexuality The contributors highlight the range of tactics that black women use to express their sexual desires and identities Yet they do not shy away from exploring the complex ways in which black women negotiate the more traumatic aspects of sexuality and grapple with the legacy of negative stereotypes *Black Female Sexualities* takes not only an interdisciplinary approach drawing from critical race theory sociology and performance studies but also an intergenerational one in conversation with the foremothers of black feminist studies In addition it explores a diverse archive of representations covering everything from blues to hip hop from Crash to Precious from Sister Souljah to Edwidge Danticat Revealing that black female sexuality is anything but a black and white issue this collection demonstrates how to appreciate a whole spectrum of subjectivities experiences and desires
