Research in Ministry William Myers,1997-01-01 **Narrative Research in Ministry** Carl E. Savage,Dr William Presnell,2008 We are in a real sense our stories Who we are what we think and how we act are all shaped by the many large and small stories that make up the discourse embedded in our multi sensory social experience It is this postmodern understanding of identity and reality that has prompted the authors to fashion a new way of thinking about doing research in faith communities today particularly through a Doctor of Ministry program It is our belief that in order for faith communities to define themselves and to know what to do in ministry they must first understand the multiple stories which intersect with a given ministry situation in their specific context **Qualitative Research, Second Edition** Tim Sensing,2022-07-05 The second edition of Qualitative Research responds to the growing need in Doctor of Ministry programs for a textbook that guides students in Participatory Action Research prospectus and dissertation that reflect the recent trends in the discipline of practical theology The Standards of Accreditation for the Commission on Accrediting of the Association of Theological Schools states The Doctor of Ministry is an advanced professionally oriented degree that prepares people more deeply for religious leadership in congregations and other settings Standard 5.3 states The Doctor of Ministry degree has clearly articulated student learning outcomes that are consistent with the school's mission and resources and address the following four areas a advanced theological integration that helps graduates effectively engage their cultural context with theological acumen and critical thinking b in depth contextual competency that gives graduates the ability to identify frame and respond to crucial ministry issues c leadership capacity that equips graduates to enhance their effectiveness as ministry leaders in their chosen settings and d personal and spiritual maturity that enables graduates to reinvigorate and deepen their vocational calling In accordance with the standards Qualitative Research guides students through appropriate research methods to satisfy the objectives of the degree in order to enhance ministerial leadership for the transformation of communities of practice **Doing Theological Research** Robert W. Pazmiño,2009-09-01 This concise introductory work explores the essentials of doing theological research and writing It is a handy companion to assist persons as they begin and pursue theological education It provides an overview of expectations that both various professors have shared and students have reported over many years as basic wisdom to foster quality theological work It is a time tested resource to guide those called to seminary study **Hopeful Realism in Urban Ministry** Barry K. Morris,2016-05-20 What pray tell does a faithful urban ministry require if not a triadic relationship of prayer justice and hope Could such a theologically conjunctive relationship of prayer justice and hope fortify urban ministry and challenge students and practitioners to ponder and practice beyond the box Frequently justice is collapsed to charity hope into wishful thinking or temporarily arrested despair and prayer a grasp at quick fix interventions An urban ministry's steadfast public and prophetic witness longs for the depth and width of this triad Via three countries decades of endeavors one chapter brainstorms urban ministry practices while another

s literature survey signals crucial convictions Amid many seminal theologians are summoned to ground urban ministry intimations and implications Niebuhr on justice Moltmann on hope and Merton on contemplative prayer Evident is passion that fuels compassion in the service of justice hope that engages despair and prayer that draws from the contemplative center of it all thankful resources for long haul ministry The triad presses to illumine a concrete ministry's engagement of relentless forced option issues yet with significant networks resourcing Contrast awareness animates endurance The summary exegetes the original grace based serenity prayer Hence hope vitally balances realism's temptation to cynicism Realism saves hope from irrelevancy

A Faithful Public-Prophetic Witness Barry K. Morris, 2020-03-20 This book hails from decades of challenging trial and error work abundant reading and an enduring obligation to ministers activists and unsung lay heroes whose legacies matter As there is little that actually addresses the elusive meanings if not the dangers inherent in pursuing alleged spoils of success it is kairos time Seemingly scarce resources and competition to make and maintain ministries in the city challenge those of us in the field or on the sidelines to speak write and communicate clearly and convincingly not only for ourselves and our people past and present but for those who come along soon to receive the baton or wear the mantle Concretely narrated with unique case

studies a cast of dozens contribute their earthy earnest testimonies and are at long last energetically affirmed Specifically this work proffers constructive attention to the critical cautions concerning subtle temptations to succeed including commodification cooptation communalism clientelism and cowardice and not bailing on fierce charity justice tensions with benevolence protectively dominant Narrative analysis and biography as theology social ethics biblical theology and recent church history give apt attention to how a compelling case is possible for success if justice is practiced given a hopeful realism and perspective of prophetic eschatology
