Rob A. Okun

Rosenbergs Collected Visions Of Artists And Writers:

The Rosenbergs Rob A. Okun,1988 **Executing the Rosenbergs** Lori Clune,2016-04-08 In 1950 Julius and Ethel Rosenberg were arrested for allegedly passing information about the atomic bomb to the Soviet Union an affair FBI Director J Edgar Hoover labeled the crime of the century Their case became an international sensation inspiring petitions letters of support newspaper editorials and protests in countries around the world Nevertheless the Rosenbergs were executed after years of appeals making them the only civilians ever put to death for conspiracy related activities Yet even after their executions protests continued The Rosenberg case quickly transformed into legend while the media spotlight shifted to their two orphaned sons In **Executing the Rosenbergs** Lori Clune demonstrates that the Rosenberg case played a pivotal role in the world s perception of the United States Based on newly discovered documents from the State Department Clune narrates the widespread dissent against the Rosenberg decision in 80 cities and 48 countries Even as the Truman and Eisenhower administrations attempted to turn the case into pro democracy propaganda U S allies and potential allies questioned whether the United States had the moral authority to win the Cold War Meanwhile the death of Stalin in 1953 also raised the stakes of the executions without a clear hero and villain the struggle between democracy and communism shifted into morally ambiguous terrain Transcending questions of guilt or innocence Clune weaves the case and its aftermath into the fabric of the Cold War revealing its far reaching global effects An original approach to one of the most fascinating episodes in Cold War history **Executing the Rosenbergs** broadens a quintessentially American story into a global one **Ethel Rosenberg** Anne Sebba,2021-06-08 New York Times bestselling author Anne Sebba s moving biography of Ethel Rosenberg the wife and mother whose execution for espionage related crimes defined the Cold War and horrified the world In June 1953 Julius and Ethel Rosenberg a couple with two young sons were led separately from their prison cells on Death Row and electrocuted moments apart Both had been convicted of conspiracy to commit espionage for the Soviet Union despite the fact that the US government was aware that the evidence against Ethel was shaky at best and based on the perjury of her own brother This book is the first to focus on one half of that couple in more than thirty years and much new evidence has surfaced since then Ethel was a bright girl who might have fulfilled her personal dream of becoming an opera singer but instead found herself struggling with the social mores of the 1950 s She longed to be a good wife and perfect mother while battling the political paranoia of the McCarthy era anti Semitism misogyny and a mother who never valued her Because of her profound love for and loyalty to her husband she refused to incriminate him despite government pressure on her to do so Instead she courageously faced the death penalty for a crime she hadn t committed orphaning her children Seventy years after her trial this is the first time Ethel s story has been told with the full use of the dramatic and tragic prison letters she exchanged with her husband her lawyer and her psychotherapist over a three year period two of them in solitary confinement Hers is the resonant story of what happens when a government motivated by fear tramples on the rights of its citizens Secret Agents

Marjorie Garber, Rebecca Walkowitz, 2013-10-18 When the American Bar Association recreated the trial of Ethel and Julius Rosenberg on the fortieth anniversary of their execution the jury acquitted the mock Rosenbergs finding that in today's courts they would not have been convicted of espionage The 1950s trial of the Rosenbergs on charges of Atomic Spying and stealing the secrets of the Atomic bomb was a major event of Cold War America galvanizing public opinion on all sides of the question Secret Agents presents essays by lawyers cultural critics social historians and historians of science as well as a reconsideration of the Rosenbergs by their younger son Robert Meeropol Secret Agents gives new resonance to a history we have for too long been willing to forget **Framing History** Virginia Carmichael, 1993 In this book Virginia Carmichael offers a provocative new interpretation of the Rosenberg story Carmichael argues that this social drama produced many stories serving multiple interests and functions many of which confront the politics of both writing and reading She also demonstrates that this story's resistance to closure manifest in its repeated tellings in historiography biography literature and the visual and performing arts suggests its lasting cultural impact on a nation coming to terms with the end of the cold war era **Peter Selz** Paul J. Karlstrom, 2012-01-02 This absorbing biography often conveyed through Peter Selz's own words traces the journey of a Jewish German immigrant from Hitler's Munich to the United States and on to an important career as a pioneer historian of modern art Paul J. Karlstrom illuminates key historical and cultural events of the twentieth century as he describes Selz's extraordinary career from Chicago's Institute of Design New Bauhaus to New York's Museum of Modern Art during the transformative 1960s and as founding director of the University Art Museum at UC Berkeley Karlstrom sheds light on the controversial viewpoints that at times isolated Selz from his colleagues but nonetheless affirmed his conviction that significant art was always an expression of deep human experience The book also links Selz's long life story featuring close relationships with such major art figures as Mark Rothko Dore Ashton Willem de Kooning Sam Francis and Christo with his personal commitment to political engagement **Narratives of Resistance** Ana María Manzanas Calvo, Jesús Benito Sánchez, 1999 The articles included in this collection cover a wide range of literatures and topics but most of them address the ways in which ethnic writers create themselves in opposition and resistance to the mainstream These narratives of opposition and resistance do not equate protest narratives but represent a consciously subversive effort There is agency and creativity in the confrontation for the majority of these narratives are not only demystifying an old world and order but creating a new one there narratives are not reproducing as much as producing and forging culture and literature The articles we present resist not only the politics of traditional canon formation but the politics of cultural nationalism as well they challenge the margins as well as the center With this revisionist agenda the aim of this collection is to invite readers to further their rethinking of American and Caribbean literatures **Law and the Company We Keep** Aviam Soifer, 1995 The ability to step outside traditional doctrinal boxes that concentrate on relationships between individuals and government will help not only legal thinkers but every person to reason toward justice **The Brother** Sam

Roberts,2014-09-16 A fresh and fast paced study of one of the most important crimes of the twentieth century The Washington Post The Brother now discloses new information revealed since the original publication in 2003 including an admission by his sons that Julius Rosenberg was indeed a Soviet spy and a confession to the author by the Rosenbergs co defendant Sixty years after their execution in June 1953 for conspiring to steal atomic secrets Julius and Ethel Rosenberg remain the subjects of great emotional debate and acrimony The man whose testimony almost single handedly convicted them was Ethel Rosenberg s own brother David Greenglass Though the Rosenbergs were executed Greenglass served a mere ten years in prison after which with a new name he disappeared But journalist Sam Roberts found Greenglass and then managed to convince him to talk about everything that had happened Since the original publication of The Brother Roberts sued to release grand jury testimony which further implicates Greenglass and demonstrates how the prosecution was tainted One of the defendants Morton Sobell admitted to Roberts that he and Julius Rosenberg were spies Furthermore Michael and Robert Meeropol the Rosenbergs sons acknowledged to Roberts that although their mother was not legally culpable that the secret to the atomic bomb was not compromised and that the death penalty was excessive their father was in fact guilty of conspiracy to commit espionage on behalf of the Soviet Union Now released with this important new information The Brother is more than ever A gripping account of the most famous espionage case in US history an excellent book written with flair and alive with the agony of the age The Wall Street Journal

The Last Gasp Scott Christianson,2010-07-12 The Last Gasp takes us to the dark side of human history in the first full chronicle of the gas chamber in the United States In page turning detail award winning writer Scott Christianson tells a dreadful story that is full of surprising and provocative new findings First constructed in Nevada in 1924 the gas chamber a method of killing sealed off and removed from the sight and hearing of witnesses was originally touted as a humane method of execution Delving into science war industry medicine law and politics Christianson overturns this mythology for good He exposes the sinister links between corporations looking for profit the military and the first uses of the gas chamber after World War I He explores little known connections between the gas chamber and the eugenics movement Perhaps most controversially he has unearthed new evidence about American and German collaboration in the production and lethal use of hydrogen cyanide and about Hitler s adoption of gas chamber technology developed in the United States More than a book about the death penalty this compelling history ultimately reveals much about America s values and power structures in the twentieth century

Ethel Tema Nason,2002 In this fictional autobiography Ethel Rosenberg condemned to death and protesting her innocence tells her story The 1950s

Richard Alan Schwartz,2014-05-14 Traces the history of the United States during the 1950s through such primary sources as memoirs letters contemporary journalism and official documents

Cold War and McCarthy Era Caroline S. Emmons,2010-06-04 This volume offers readers the opportunity to see how the Cold War and McCarthy eras affected men women and children of varying backgrounds providing a more personal examination of this important era Studies of the Cold
