This focused must have text provides early childhood instructors and students with a comprehensive understanding of children's literature and how to use it effectively with young children from birth to age eight. It clearly explains the importance of introducing books to young children, how to plan successful literacy experiences, how to get children excited about literature, and how to select the best literature. Users of this comprehensive text will become experts at storytelling, addressing the concerns of young children, and involving parents in the literacy development process. This text is unlike others of its kind.

Discovering Children's Literature Judith Hillman, 1995. A concise introduction to the world of literature for infants, children, and adolescents. This popular book taps the work of well-known scholars to provide its foundation in genre theory while clearly relating the books it recommends to practical teaching applications. After first defining literature and literacy and examining relevant aspects of children's development, the author explores each of the traditional literature genres in turn and provides a firm structure for evaluation that will serve future teachers well as they approach any form of literature. Each chapter asks the student for reflections, opinions, and participation through suggested projects and activities. For elementary and high school teachers of English and Language Arts.
