Rivkah Zim, 2017-06-06 Why writing in captivity is a vitally important form of literary resistance Boethius wrote *The Consolation of Philosophy* as a prisoner condemned to death for treason circumstances that are reflected in the themes and concerns of its evocative poetry and dialogue between the prisoner and his mentor Lady Philosophy This classic philosophical statement of late antiquity has had an enduring influence on Western thought It is also the earliest example of what Rivkah Zim identifies as a distinctive and vitally important medium of literary resistance writing in captivity by prisoners of conscience and persecuted minorities *The Consolations of Writing* reveals why the great contributors to this tradition of

prison writing are among the most crucial figures in Western literature Zim pairs writers from different periods and cultural settings carefully examining the rhetorical strategies they used in captivity often under the threat of death She looks at Boethius and Dietrich Bonhoeffer as philosophers and theologians writing in defense of their ideas and Thomas More and Antonio Gramsci as politicians in dialogue with established concepts of church and state Different ideas of grace and disgrace occupied John Bunyan and Oscar Wilde in prison Madame Roland and Anne Frank wrote themselves into history in various forms of memoir and Jean Cassou and Irina Ratushinskaya voiced their resistance to totalitarianism through lyric poetry that saved their lives and inspired others Finally Primo Levi's writing after his release from Auschwitz recalls and decodes the obscenity of systematic genocide and its aftermath A moving and powerful testament The Consolations of Writing speaks to some of the most profound questions about life enriching our understanding of what it is to be human

The Child's View of the Third Reich in German Literature Debbie Pinfold, 2001-08-23 This book examines the ways in which German authors have used the child's perspective to present the Third Reich It considers how children at this time were brought up and educated to accept unquestioningly National Socialist ideology and thus questions the possibility of a traditional naive perspective on these events Authors as diverse as Günter Grass Siegfried Lenz and Christa Wolf together with many less well known writers have all used this perspective and this raises the question as to why it is such a popular means of confronting the enormity of the Third Reich This study asks whether this perspective is an evasive strategy a means of gaining new insights into the period or a means of discovering a new language which had not been tainted by Nazism This raises and addresses issues central to a post war aesthetic in German writing

apparently receiving a phone call from his father who told him Sheila had gone berserk with the gun. It seemed a straightforward case of murder suicide but a dramatic turn of events was to disprove the police's theory. In October 1986 Jeremy Bamber was convicted of killing his entire family in order to inherit his parents' substantial estates. He has always maintained his innocence. Drawing on interviews and correspondence with many of those closely connected to the events including Jeremy Bamber and a wealth of previously unpublished documentation, Carol Ann Lee brings astonishing clarity to a complex and emotive case. She describes the years of rising tension in the family that culminated in the murders and provides clear insight into the background of each individual and their relationships within the family unit. Scrupulously fair in its analysis, *The Murders at White House Farm* is an absorbing portrait of a family, a time and a place and a gripping account of one of Britain's most notorious crimes.
