*Globalisation, Nation-Building and History Education* Joseph Zajda, John Whitehouse, 2024-03-19 This book uses historiography and discourse analysis to provide a new insight into understanding the nexus between ideologies the state and nation building as depicted in history school textbooks It focuses on the interpretation of social and political change significant events and examining possible new biases and omissions in school textbooks The Europeanization of history textbooks in the EU is an example of western dominated Grand Narrative of pluralist democracy multiculturalism and human rights according to the canon of a particularly European dimension Various public debates in the USA China the Russian Federation RF Japan and elsewhere dealing with understandings of a nation building national identity and history education point out to parallels between the political significance of school history and the history education debates globally The book demonstrates that the issue of national identity and balanced representations of the past continue to dominate the debate surrounding the goals dominant ideologies and content of history textbooks and historical narratives It concludes that

competing discourses and ideologies will continue to define and shape the nature and significance of historical knowledge ideologies and the direction of values education in history textbooks This book provides an easily accessible practical yet scholarly insights into local and global trends in the field of history education and should be required reading for a broad spectrum of users including policy makers academics graduate students education policy researchers administrators and practitioners

The History and Narrative Reader Geoffrey Roberts, 2001 Are historians story tellers Is it possible to tell true stories about the past These are just two of the questions raised in this comprehensive collection of texts about philosophy theory and methodology of writing history

**Historical Theory and Methods through Popular Music, 1970-2000** Kenneth L. Shonk, Jr., Daniel Robert McClure, 2017-08-17 This book examines the post 1960s era of popular music in the Anglo Black Atlantic through the prism of historical theory and methods By using a series of case studies this book mobilizes historical theory and methods to underline different expressions of alternative music functioning within a mainstream musical industry Each chapter highlights a particular theory or method while simultaneously weaving it through a genre of music expressing a notion of alternativity an explicit positioning of one s expression outside and counter to the mainstream Historical Theory and Methods through Popular Music seeks to fill a gap in current scholarship by offering a collection written specifically for the pedagogical and theoretical needs of those interested in the topic

*Historical Understanding* Zoltán Boldizsár Simon, Lars Deile, 2022-02-24 The first decades of the new century shake old certainties In a whirlwind of profound changes do we have more history or less Does history overwhelm us in all domains of life or is historical understanding in yet another crisis The answers do not come easily The recent demise of humanities education the technological alterations of our social lifeworlds and the human condition the anthropogenic changes in the Earth system the growing sense of memory trauma and historical injustice as alternative approaches to the past seem to entail contradictions and complexities that do not fit very well with our existing notions of historical understanding Historical thought as we know it is facing manifold challenges and we struggle to grasp a larger picture that could encompass them Boasting a range of contributions from leading scholars this volume attempts just that In an innovative collection of short essays Historical Understanding explores the current shape of historical understanding today by surveying a variety of historical relations to the past present and future in the face of socio political ecological and technological upheavals This book is an invaluable research tool for students and researchers alike presenting a kaleidoscope like overview of manifold new ways which we navigate historically in coping with present day challenges both in wider society and in historiography

**The Nature of History Reader** Keith Jenkins, Alun Munslow, 2004 The question of what the nature of history is is a key issue for all students of history It is recognized by many that the past and history are different phenomena and that the way the past is actively historicized can be highly problematic and contested

**The Field** Douglas Booth, 2005 Douglas Booth a prize winning sports historian presents a theoretically sophisticated historiography of sport history
