## Rowing Without Oars:

**Rowing Without Oars** Ulla-Carin Lindquist, 2006 The author whose final years were marked by her struggle with Lou Gehrig's disease recounts her efforts to document and bring meaning to her life as a way of preparing herself and her family for her death  
*Rowing Without Oars* Ulla-Carin Lindquist, 2007-03-27 Ulla Carin Lindquist was happily married with four adoring children and a successful career as a newscaster All of that changed when her fiftieth birthday drew near and she was diagnosed with ALS also known as Lou Gehrig's disease In the face of this incurable degenerative disease Ulla kept a journal chronicling the last years of her life not only for her children's sake but also to help her cope with her impending death As powerful and moving as books such as *The Diving Bell and the Butterfly* and *Tuesdays with Morrie* Ulla's unflinching account is an unforgettable reminder of how precious life really is

Whose Language? Jacob L. Mey, 1985-01-01 For the colonized person objectivity is always directed against him Frantz Fanon Colonized persons do not live on what we call or used to call the colonies alone In general objective reality or the facts of life are very different depending on the kind of life you can afford This goes for language as well and it explains both the title of this book and gives it its raison d'être It deals with power in language and asks Who is really in command when we use our language And why does it make sense to talk about a language of power or lack of it The powerful are the colonizers the colonized are the powerless in language as in geopolitics Colonizers and colonized alike however are subject to the social and economic conditions prevailing in society and therefore a thorough analysis of these conditions is a must for any socially oriented theory of language use
