New York Magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *Now that's what I call a history of the 1980s* Lucy Robinson,2023-07-18 Now that s what I call a history of the 1980s tells the story of eighties Britain

through its popular culture Charting era defining moments from Lady Diana's legs and the miners strike to Glastonbury's Pyramid Stage and Adam and the Ants Lucy Robinson weaves together an alternative history to the one we think we know This is not a history of big geopolitical disasters or a nostalgic romp through discos shoulder pads and yuppie culture Instead the book explores a mashing together of different genres and fan bases in order to make sense of our recent past and give new insights into the decade that defined both globalisation and excess Packed with archival and cultural research but written with verve and spark the book offers as much to general readers as to scholars of this period presenting a distinctive and definitive contemporary history of 1980s Britain from pop to politics to cold war cultures censorship and sexuality

Authorizing Shakespeare on Film and Television L. Monique Pittman, 2011 Authorizing Shakespeare on Film and Television examines recent film and television transformations of William Shakespeare's drama by focusing on the ways in which modern directors acknowledge and respond to the perceived authority of Shakespeare as author text cultural icon theatrical tradition and academic institution This study explores two central questions First what efforts do directors make to justify their adaptations and assert an interpretive authority of their own Second how do those self authorizing gestures impact upon the construction of gender class and ethnic identity within the filmed adaptations of Shakespeare's plays The chosen films and television series considered take a wide range of approaches to the adaptive process some faithfully preserve the words of Shakespeare others jettison the Early Modern language in favor of contemporary idiom some recreate the geographic and historical specificity of the original plays and others transplant the plot to fresh settings The wealth of extra textual material now

available with film and television distribution and the numerous website tie ins and interviews offer the critic a mine of material for accessing the ways in which directors perceive the looming Shakespearean shadow and justify their projects. Authorizing Shakespeare on Film and Television places these directorial claims alongside the film and television plotting and aesthetic to investigate how such authorizing gestures shape the presentation of gender class and ethnicity.

In this close knit community where everyone knows each other's business, is it possible for anyone to get away with murder? Sophie's about to find out and to discover some extraordinary secrets about her boyfriend Hector and his family along the way.

Springtime for Murder. When Bunny Carter, the old lady from the Manor House, is discovered dead in an open grave, Sophie Sayers is sure it's a case of foul play. But when it comes to suspects, she's spoiled for choice. Many of the villagers had motive and opportunity, but who is to blame? And can Sophie and her boyfriend, village bookseller Hector Munro, stop the killer before they strike again?

Murder at the Mill. When Sophie Sayers joins a writers retreat, she's hoping to find inspiration and perhaps a little adventure. Away from her comfort zone and the small village of Wendlebury Barrow, Sophie plans to relax and take stock of her life. But scarcely has the writing course begun when bestselling romantic novelist Marina Milanese disappears on a solo excursion to an old windmill. First on the scene, Sophie is prime suspect for Marina's murder, but when a storm prevents the police from landing on the island to investigate, Sophie must try to solve the crime herself. Not easy when everyone at the retreat has a motive.
