**Journal of the Royal Society of Medicine** Royal Society of Medicine (Great Britain),1991 Includes selected papers from meetings of the Society and of its sections      [A Guide for the Perplexed: A Novel](#) Dara Horn,2013-09-09 An intense multilayered story Jami Attenberg New York Times Book Review Software prodigy Josie Ashkenazi has invented an application that records everything its users do When she visits the Library of Alexandria as a tech consultant she is abducted in Egypt s postrevolutionary chaos with only a copy of the philosopher Maimonides famous work to anchor her leaving her jealous sister Judith free to take over her life A century earlier Cambridge professor Solomon Schechter arrives in Egypt hunting for a medieval archive hidden in a Cairo synagogue Their stories intertwine in this spellbinding novel of how technology changes memory and how memory shapes the soul      **United States Armed Forces Medical Journal** ,1950

[No Way to Treat a Friend: Lifting the Lid on Complementary and Alternative Veterinary Medicine](#) Niall Taylor,Alex Gough,2017-09-08 No Way to Treat a Friend is an informative and readable expos of Complementary and Alternative Veterinary Medicine CAVM Written in an accessible style and illustrated with stories and cases from veterinary practice about real animals this book is a counterweight to the mass of pro literature in existence which uncritically promotes CAVM without consideration of whether or not it works or could even be harmful to our animal companions The book takes a close look at how thinking can go wrong and how animals can appear to respond to treatment even when it is ineffective Individual alternative practices are examined including homeopathy acupuncture raw diets and the anti vaccination lobby and we find out if their claims stand up to scrutiny With a thoroughly scientific line it is not an attack on different belief systems but a rigorous analysis of the facts and a consideration of typical CAVM arguments as well as a helpful explanation for people who may be unfamiliar with what the various therapies entail Following on from the several successful books questioning the use of complementary therapies in human medicine such as Bad Science No Way to Treat a Friend looks at their use in veterinary medicine This is a valuable resource for veterinary practitioners as well as lay people who are interested in popular science animal topics animal welfare and medical matters 5m Books      **U.S. Armed Forces Medical Journal** ,1950      [Medical and Health Care Books and Serials in Print](#) ,1997      **Managing diabetes, managing medicine** Martin D.

Moore,2019-03-01 This electronic version has been made available under a Creative Commons BY open access license This book is available as an open access ebook under a CC BY NC ND licence Through its study of diabetes care in twentieth century Britain Managing diabetes managing medicine offers the first historical monograph to explore how the decision making and labour of medical professionals became subject to bureaucratic regulation and managerial oversight Where much existing literature has cast health care management as either a political imposition or an assertion of medical control this work positions managerial medicine as a co constructed venture Although driven by different motives doctors nurses professional bodies government agencies and international organisations were all integral to the creation of managerial

systems working within a context of considerable professional political technological economic and cultural change **The Lancet** ,1882 Contemporary Occupational Health Nursing Greta Thornbory,2013-11-20 Written by and on behalf of the Association of Occupational Health Nurse Practitioners AOHNP This textbook provides a practical guide for those training as or practising within occupational health nursing Concerned with the health of the people at work and the effects of work on health and health on work this distinctive branch of public health nursing requires specific knowledge and skills Contemporary Occupational Health Nursing includes chapters on Public Health Leadership Health Promotion and Protection Health Surveillance Health Assessment Case Management and Rehabilitation Mental Health Management of Occupational Health Services Epidemiology and Research and Quality Assurance and Auditing Discussion of ethical issues is woven throughout and each chapter is written by an experienced occupational health practitioner and includes features such as case studies activities learning outcomes and chapter summaries This book is designed as a text for those undertaking specialist community public health nursing qualifications and as an important resource for all nurses new to occupational health practice **Subject Guide to Books in Print** ,1975 **British Medical Journal** ,1886 **Clinical Application of Neuromuscular Techniques** Leon Chaitow,Judith DeLany,2005-01-01 Designed to assist the student in acquiring and applying the ideas concepts and methods contained in the two volumes of Clinical Application of Neuromuscular Techniques This title presents 34 case histories differential diagnosis discussions and questions Questions regarding contra indications tests and details are also provided **BMJ** ,1996 Clinical Skills in Treating the Foot Warren Turner,Linda M. Merriman,2005-08-17 The eagerly awaited new edition of Clinical Skills in Treating the Foot has been revised and updated with the needs of a broad range of health professionals in mind For anyone treating patients with foot disorders Clinical Skills in Treating the Foot will provide invaluable support through three key areas Section 1 is concerned with the general principles of managing foot disorders and the context in which treatment of the foot takes place Included are chapters on treatment planning evidence based practice governance and audit clinical protocols clinical emergencies and health promotion Section 2 examines the application of clinical therapeutics to foot disease and includes chapters on operative techniques surgery and the foot pharmacology physical therapy mechanical therapeutics chairside devices prescription devices and footwear therapy Section 3 considers the particular needs of special groups and includes chapters on the adult foot the child s foot sports injuries and management of tissue viability With its clarity of text and liberal use of case studies and illustrations the latest edition of Clinical Skills will be required reading for practising and student podiatrists It will also be a valuable reference and guide for all others involved in the provision of treatment of the foot This book has been written as a companion volume to the editors Assessment of the Lower Limb also published by Elsevier Churchill Livingstone Written by an experienced team of clinicians who also understand the needs of students as well as practitioners Logical and clear structure makes it easy to use for both clinicians and students Each chapter is self contained and can be used for

independent reading topics Case histories and clinical comment sections illustrate important clinical points Key points and summaries provides assistance for learning and review Features approximately 400 illustrations Half of the contributors are new more experienced clinicians than those used for the previous edition New chapter by new author on Clinical Governance replacing old chapter of Audit and Outcome Measurement Major revision by new authors of chapter on Treatment Planning to reflect new developments and changes in practice Completely rewritten chapter by new authors on Clinical protocols Major revision by new author of the chapter on Foot health education and promotion Major rewrite with new author of the chapter on Pharmacology which will have expanded sections on topical and injected steroids and prescription medicines Major revision by new authors of the chapter on Physical therapy New section on chairside devices in the chapter on Mechanical therapeutics in the clinic new authors involved Chapter on Prescription orthoses now replaced with new chapter by new authors on Prescription devices Major rewrite by new author of the chapter on sports injuries New chapter on Managing tissue viability replaces the old chapter on the Management of foot ulcers and now incorporates the material previously covered in old appendices 1 and 2 on Management of exudation in ulcers and Footcare advice for people with diabetes
