Novel writer & creator's starter kit book Cyrus Oh, 2024-08-05

Creation is one of the most enjoyable activities in the world and a low capital income generating method. However for beginners it can be a bewildering task with no clear answers. The author has compiled various elements of storytelling found in works around the world such as novels, films and comics into this easy, concise and accessible book. It includes storytelling clichés, items, skills, world building and events. This book, filled with fun and useful creative ideas, will be a great guidepost on your creative journey like a beacon in the vast ocean or a landmark in the endless desert. Don't struggle alone with storytelling anymore.

[Metareference in Videogames](#) Theresa Krampe, 2025-09-10. Taking an original in-depth approach, this book investigates the forms and functions of metareference in videogames. Drawing on a rich body of research in game studies, transmedial narratology and neighbouring disciplines, the author combines detailed close reading style analyses of the indie games *What Remains of Edith Finch*, *The Magic Circle* and *OneShot* with a breadth of examples and systematic analyses that span multiple genres as well as several decades of videogaming. In doing so, the book maps different metareferential elements that can be found in videogames and proposes an original model for their analysis while showcasing the complex interrelations among different metareferential elements in contemporary videogames. This book will appeal to videogame researchers and transmedial narratologists as well as to those interested in metaization in media and popular culture across disciplines.

Technology and English Language Teaching in a Changing World Ju Seong Lee, Di Zou, Michelle Mingyue Gu, 2024-04-03. This edited book explores the integration of technology into English language education with a particular focus on extracurricular and extramural contexts. The editors and an international team of scholars discuss how English teachers can critically and systematically design and implement language activities inside and outside the classroom to improve students' receptive and productive skills. The book also discusses how teachers can harness technology to enhance their teaching practices. The combination of theory, digital materials, teaching activities, evidence-based reflections and a focus on Extracurricular and Extramural contexts will make this book an invaluable resource for pre-service and in-service language teachers on ESL, EFL and TESOL courses as well as researchers in Applied Linguistics.
