*Africa and the Global System of Capital Accumulation* Emmanuel O Oritsejafor, Allan D. Cooper, 2021-04-17 Africa and the Global System of Capital Accumulation offers a groundbreaking analysis of the strategic role Africa plays in the global capitalist economy The exploitation of Africa s rich resources as well as its labor make it possible for major world powers to sustain their authority over their own middle class populations while rewarding African collaborators in leadership positions for subjecting their populations into poverty and desperation Middle class obsessions such as computers mobile phones cars and the petroleum that fuels them diamonds chocolate all of these products require African resources that are typically obtained by child or slave labor that helps to generate billionaires out of foreign investors while impoverishing most Africans Oritsejafor and Cooper demonstrate that primitive accumulation believed by both Adam Smith and Karl Marx to be a process that precedes capitalism is actually an integral part of capitalism They also validate the thesis that capitalism incorporates racism as an organizing tool for the exploitation of labor in Africa and on a global scale Case studies are presented on Nigeria Cote d Ivoire Ghana Liberia Congo Tanzania Somalia Angola Namibia Sao Tome and Principe and South Sudan There are also chapters analyzing the interests of Russia and China in Africa This book will be of interest to students and scholars of African politics development and economics

**The Muslim Brotherhood** Joas Wagemakers,2022-06-24

The Muslim Brotherhood is often represented in mainstream media as a theocratic organisation that preaches Qur'an based violence and is out to grab power in the West. As this book shows, such representations are wrought with prejudice and oversimplification; the organisation is in reality much more dynamic and diverse. Its goals, ideology and influence have never been static and vary greatly amongst its descendants in both Europe and the Middle East. Joas Wagemakers introduces the reader to this fascinating organisation and the major ideological and historical developments that it has gone through since its emergence in 1928.
