Zaikin, Dmitry Golubev, 2019-05-24 Continuing miniaturization of electronic devices together with the quickly growing number of nanotechnological applications demands a profound understanding of the underlying physics Most of the fundamental problems of modern condensed matter physics involve various aspects of quantum transport and fluctuation phenomena at the nanoscale In nanostructures electrons are usually confined to a limited volume and interact with each other and lattice ions simultaneously suffering multiple scattering events on impurities barriers surface imperfections and other defects Electron interaction with other degrees of freedom generally yields two major consequences quantum dissipation and quantum decoherence In other words electrons can lose their energy and ability for quantum interference even at very low temperatures These two different but related processes are at the heart of all quantum phenomena discussed in this book This book presents copious details to facilitate the understanding of the basic physics behind a result and the learning to technically reproduce the result without delving into extra literature The book

subtly balances the description of theoretical methods and techniques and the display of the rich landscape of the physical phenomena that can be accessed by these methods It is useful for a broad readership ranging from master s and PhD students to postdocs and senior researchers

**Younger for Longer** Dr Duncan Carmichael, 2018-12-06 Revelatory and accessible Sunday Post Dr Carmichael has studied nutrition hormone balancing and aesthetic medicine and his passion on which he lectures globally is healthy ageing His approach in his fascinating new book *Younger for Longer* is scientific and holistic The Times Be good to yourself *Younger for Longer* features wisdom on nutrition sleep mood regulation and most importantly hormonal health for men and women Scotsman I have not stopped learning on my Low Carb Healthy Fat journey *Younger for Longer* continues that process for me with an incredibly well referenced text It s refreshing to see the balance of nutrition and lifestyle discussed in such an informed and robust manner Gary Fettke orthopaedic surgeon health activist and author *Younger for Longer* tells you exactly what you need in order to live an extended healthy life It s very 80 20 and one of the best books I ve read in ages Richard Koch author of million seller *The 80 20 Principle* Fascinating Packed with the most incredible information about health Radio Today South Africa Offers valuable honest and solid medical insights into how you can age better It is without doubt one of the best books I have read in my many years as a health activist Longevity magazine Targeted at the general reader the goal of this book is to show readers how to live a healthy life free from the debilitating effects of ageing helping them to stay mentally alert and physically active and making sure they get the most out of all of their years It reveals practical steps to slow the ageing process and stay healthy in short how to stay younger for longer With research showing that obesity nutrition and lifestyle illnesses can hamper our body s response to Covid 19 such advice has become even more crucial in reducing Covid 19 risk factors The key is to aim for optimal health However focussing on one factor alone will not get us there Our sleep our mood what we eat our detoxification system and our hormones are just some of the factors that interact in amazing ways to make us who we are they are also at the very heart of the ageing process This book shows how these different strands combine in ways that can be positive or negative and explains why this interaction depends far more on the lifestyle we choose than on the genes we inherit In that way it gives the reader a unique and comprehensive understanding of their body and tells them how with this knowledge they can optimise their health The topics range from nutrition toxins men s health and women s health to understanding why our skin brain and liver age and how to undo the damage and stave off ageing But the book s main focus underlying all of this is hormones the chemicals that tell different parts of our body what to do Our hormone levels vary throughout our life but if they are supported correctly they can keep us youthful and vital into our final years Finding health then is not about seven ways to detox or the five best vitamins The body is far more complex than that and in an approach aimed specifically at the layperson *Younger for Longer* traces the exciting path of how the body works to help the reader create the best person they can be for the rest of their life
