Smith,2021-12-13 Not song writing not music theory but the craft of writing effective song lyrics The part people sometimes think is hard Theory and practice with extensive examples from popular music and the author s own inimitable song catalogue all linked to streaming media for a complete experience Intended for Creatives and the pragmatically oriented Experience the rush of immediate improvement We spend thousands of hours learning how to accompany a song on an instrument and how to sing How much time and effort and money do we put into learning how to write a compelling effective lyric How do we make the young girl cry and the bad boy buy The book covers the theory and develops some rules as Hector Barbosa says in *Pirates of the Caribbean* Guidelines for you to apply to achieve effective lyrics Lyrics First is a pure gold approach **The Overland Monthly** ,1919 **Overland Monthly** Bret Harte,1919 *The Beatles as Musicians* Walter Everett,1999 Given the phenomenal fame and commercial success that the Beatles knew for the entire course of their familiar career their music per se has received surprisingly little detailed attention Not all of their cultural influence can be traced to tong hair and flashy clothing the Beatles had numerous fresh ideas about

melody harmony counterpoint rhythm form colors and textures Or consider how much new ground was broken by their lyrics alone both the themes and imagery of the Beatles poetry are key parts of what made and still makes this group so important so popular and so imitated This book is a comprehensive chronological study of every aspect of the Fab Four s musical life including full examinations of composition performance practice recording and historical context during their transcendent late period 1966 1970 Rich authoritative interpretations are interwoven through a documentary study of many thousands of audio print and other sources **A Long and Winding Road** Les Vincent,2019 *All The Songs* Philippe

Margotin,Jean-Michel Guesdon,2012-03-20 In this lively and fully illustrated work two music historians break down every album and every song ever released by the Beatles from Please Please Me U S 1963 to The Long and Winding Road U S 1970 All the Songs delves deep into the history and origins of the Beatles and their music This first of its kind book draws upon decades of research as music historians Margotin and Guesdon recount the circumstances that led to the composition of every song the recording process and the instruments used Here we learn that one of John Lennon s favorite guitars was a 1958 Rickenbacker 325 Capri which he bought for 100 in 1960 in Hamburg Germany We also learn that Love Me Do recorded in Abbey Road Studios in September 1962 took 18 takes to get right even though it was one of the first songs John and Paul ever wrote together And the authors reveal that when the Beatles performed I Want to Hold Your Hand on The Ed Sullivan Show in 1964 John s microphone wasn t turned on so viewers heard only Paul singing The hundreds of photographs throughout the book include rare black and white publicity stills images of Beatles instruments and engaging shots of the musicians in studio All the Songs is the must have book for the any true Beatles fan **King's Official Route Guide** ,1920
