Welsh,John C. Tibbetts,Professor John C Tibbetts,1999-08-12 Critically surveys the films of Tony Richardson one of Britain s most inventive directors of stage and

screen **Some Kind of Hero** Matthew Field,Ajay Chowdhury,2015-10-12 For over 50 years Albert R Broccoli's Eon Productions has navigated the ups and downs of the volatile British film industry enduring both critical wrath and acclaim in equal measure for its now legendary James Bond series. Latterly this family run business has been crowned with box office gold and recognised by motion picture academies around the world. However it has not always been plain sailing. Changing financial regimes forced 007 to relocate to France and Mexico, changing fashions and politics led to box office disappointments and changing studio regimes and business disputes all but killed the franchise. And the rise of competing action heroes has constantly questioned Bond's place in popular culture. But against all odds the filmmakers continue to wring new life from the series and 2012's Skyfall saw both huge critical and commercial success crowning 007 as the undisputed king of the action genre. *Some Kind of Hero* recounts this remarkable story from its origins in the early 60s right through to the present day and draws on hundreds of unpublished interviews with the cast and crew of this iconic series.

Marathon Clarence DeMar,2016-10-26 Long before the days of running apps, designer running shoes and online marathon training programs, three time Olympian Clarence DeMar self coached his way to seven Boston Marathon victories, a record that remains unbroken today. More than one hundred years since winning his first marathon, Clarence DeMar is still known as one of the greatest American distance runners of all time. *Marathon*, DeMar's 1937 memoir, is a simple and honest reflection of the life of this working class family man who experienced national fame during the depression era. A student of his sport and an athlete far ahead of his time, DeMar would average 100 miles per week while closely monitoring his body's response to nutritional changes. Among the first elite athletes to experiment with vegetarian and alkaline based diets, DeMar shares his experience based perspective on nutrition, sleep, mileage and even foot strike topics that are still heavily debated in the running community today. The fashion and technology surrounding the sport may certainly have changed over the years, but the feat of running 26.2 miles has remained. Perhaps this is why modern day runners find DeMar's *Marathon* memoir to be as pertinent and informative today as it was in 1937. **Life Is a Marathon** Matt

Fitzgerald,2019-03-26 An endurance athlete and coach reveals how the marathon transforms the lives of everyone who attempts it and how it has helped his own family cope with serious adversity. Step after step for 26.2 miles, hundreds of thousands of people run marathons. But why? What compels people past pain, lost toenails, 5:30 am start times? The Wall Sports writer Matt Fitzgerald set out to run eight marathons in eight weeks across the country to answer that question. At each race, he meets an array of runners, from first timers to dad-daughter teams and spouses to people who'd been running for decades, and asks them what keeps them running. But there is another, deeply personal part to Matt's journey: his own relationship to the sport and how it helped him overcome his own struggles and cope with his wife Nataki's severe bipolar disorder. A combination of Matt's own *How Bad Do You Want It?* and *What I Talk About When I Talk About Running*, *Life Is a Marathon* captures the magic of those 26.2 miles. At the end of the day, and at the end of the race, the pursuit of a marathon finish line is
