Ferrence, 2014-03-30 In contemporary culture the stereotypical trappings of redneckism have been appropriated for everything from movies like Smokey and the Bandit to comedy acts like Larry the Cable Guy Even a recent president George W Bush shunned his patrician pedigree in favor of cowboy authenticity to appeal to voters Whether identified with hard work and patriotism or with narrow minded bigotry the Redneck and its variants have become firmly established in American narrative consciousness This provocative book traces the emergence of the faux Redneck within the context of literary and cultural studies Examining the icon's foundations in James Fenimore Cooper's Natty Bumppo an ideal white man free of the boundaries of civilization and the degraded rural poor of Erskine Caldwell's Tobacco Road Matthew Ferrence shows how Redneck stereotypes were further extended in Deliverance both the novel and the film and in a popular cycle of movies starring Burt Reynolds in the 1970s and 80s among other manifestations As a contemporary cultural figure the author argues the Redneck represents no one in particular but offers a model of behavior and ideals for many Most important it has become a tool reductive confining and sometimes almost liberating by which elite forces gather and maintain social and economic power Those defying its boundaries as the Dixie Chicks did when they criticized President Bush and the Iraq invasion have done so at their own peril Ferrence contends that a refocus of attention to the complex realities depicted in the writings of such authors as Silas House Fred Chappell

regions Lee Smith and Fred Chappell from the mountains Doris Betts and Clyde Edgerton from the Piedmont and Reynolds Price and Randall Kenan from the coastal plain The work of these six writers is explored within the broader southern literary tradition with attention to how they have revised such modes as pastoral family saga and southwestern humor in order to portray their own regional experiences Although these writers celebrate the egalitarianism at the heart of the yeoman ideal they also expose the forms of racism sexism and classism that have also marked the state s history Mountain South John Lang, 2010-04-20 In the most extensive work to date on major poets from the mountain South John Lang takes as his point of departure an oft guoted remark by Jim Wayne Miller Appalachian literature is and has always been as decidedly worldly secular and profane in its outlook as the region s traditional religion appears to be spiritual and otherworldly Although this statement may be accurate for Miller's own poetry and fiction Lang maintains that it does not do justice to the pervasive religious and spiritual concerns of many of the mountain South's finest writers including the five other leading poets whose work he analyzes along with Miller's Fred Chappell Robert Morgan Jeff Daniel Marion Kathryn Stripling Byer and Charles Wright Lang demonstrates all write poetry that explores sometimes with widely varying results what they see as the undeniable presence of the divine within the temporal world Like Blake and Emerson before them these poets find the supernatural within nature rather than beyond it They all exhibit a love of place in their poems a strong sense of connection to nature and the land especially the mountains Yet while their affirmation of the world before them suggests a resistance to the otherworldliness that Miller points to their poetry is nonetheless permeated with spiritual questing Dante strongly influences both Chappell and Wright though the latter eventually resigns himself to being simply a God fearing agnostic whereas Chappell follows Dante in celebrating the love that moves the sun and other stars Byer probably the least orthodox of these poets chooses to lay up treasures on earth rejecting the transcendent in favor of a Native American spirituality of immanence while Morgan and Marion find in nature what Marion calls a vocabulary of wonders akin to Emerson's conviction that nature is the language of the spiritual Employing close readings of the poets work and relating it to British and American Romanticism as well as contemporary eco theology and eco criticism Lang s book is the most ambitious and searching foray yet into the worlds of these renowned post World War II Appalachian poets **2014 Guide** to Literary Agents Chuck Sambuchino, 2013-08-09 The best resource available for finding a literary agent No matter what you re writing fiction or nonfiction books for kids or adults you need a literary agent to secure a book deal The 2014 Guide to Literary Agents is your essential resource for finding that literary agent without fear of being scammed and getting your book published Along with listing information for more than 1 000 literary agents who represent writers and their work this new updated edition of GLA includes New Agent Spotlights calling out literary reps actively building lists right now How I Got My Agent success stories from writers who describe their paths from aspiring author to published success Informative articles on query letters synopsis writing voice and craft author platform nonfiction book proposals researching agents and
