

A person is walking away from the viewer in a dark, foggy environment. A bright light source, possibly a fire or a large lamp, is visible in the distance, casting a long, glowing path on the ground. The person is silhouetted against the light. The overall atmosphere is mysterious and somber.

from a NON RELIGIOUS perspective because life and death occur regardless of religious affiliation or lack thereof Jones seamlessly weaves together Science Creation and the Technology that brings Bible Prophecy into our reality BACK COVER

God who is an Eternal Spirit created our universal presence in Heaven as Eternal Spirit Life Energy in His likeness Our same Spirit which now resides within our body is the only thing that is eternal everything else perishes the body material things and the spheres Therefore if we were living an infinite Life in Heaven with the Lord how did we transition to living a finite Life on Earth captive to certain death We desire our lives to last forever Truth is We each individually betrayed God sinned rebelled and therefore you and I were cast out of Heaven along with Lucifer whereby the Force of Gravity holds us away from God s Holy Presence We now live in the darkness of the abyss and this darkness is real close your eyes what do you see The darkness that we still are The evidence of your betrayal and rebellious behavior is your undeniable Natural Death which is to come For the wages of sin is death Rom 6 23 in Heaven and on Earth As a result you see death happening all around you and you know that in the back of your mind you could be next Therefore we were sinners long before Adam and Eve were created hence the reason that we are born sinners And the reason for planting the two trees in the Garden of Eden as well as the writing of the names of the redeemed in the Book of Life Follow this chronological journey through our Eternal History as we examine how death fits into the mystery of our eternal life Discover the cause intent and consequences of the only two death sentences and penalties that God has ever issued to His Creation We will evaluate Science Man Made Theories and Technology alongside Creation which reveals God s Divine Redemption Plan to save us from the Second Death Rev 20 14 with Heaven Hell Earth Satan Jesus all of us the Angels Death and Time each having a role to play Time was designed to take us from the beginning of God s redemption plan to the end yet Time is personal because upon your demise it is said that your time is up and you are buried but Time marches on according to God s purpose alone You will come to realize that God is NOT to blame for all the ills in the world for His objective is to redeem us through Jesus Christ so that we will avoid The Second Death based on freedom of CHOICE between eternal life and eternal death that is before us with each breath I have set before you life and death Deut 30 19 God s plan allows for the summation of our life s choices and decisions to make our eternal choice for us This is why death is designed as a surprise element and not a planned event you cannot plan your choice you must live your choice This book series will explore how God repurposed the Earth for our redemption the design details End Time Prophecy DNA Manipulation and the current biomedically engineered plagues COVID etc or Death Tests that are before us And will reveal the elite s purpose for UFOs and Computer Technology that allows them to communicate and receive knowledge from the darkness of the unseen realm or as they call them Aliens as a result of our Tree selection in the Garden And to our surprise we do surely die Gen 2 17 You are awaiting your turn to die like me right We are living near the close of God s redemption plan The End Times Therefore the goal is to aid you in determining if what you believe is fact or fiction before your certain date with death so that you can make an informed decision about your life death and eternal

offers a radically different approach to the author's wider body of work unpacking the fascinating web of relationships between his texts and presenting Auster's canon as a rhizomatic, factio-fictional network produced by a set of writing tools. Exploring Auster's literal and figurative use of these tools—the typewriter, the cigarette, the doppelgänger figure, the city—Evija Trofimova discovers Auster's writing machine, a device that works both as a means to write and as a construct that manifests the emblematic writer figure. This is a book about assembling texts and textual networks, the writing machines that produce them, and the ways such machines invest them with meaning. Embarking on a scholarly quest that takes her from between the lines of Auster's work to between the streets of his beloved New York and finally to the man himself, Paul Auster's *Writing Machine* becomes not just a critical investigation but a critical collaboration raising important questions about the ultimate meaning of Auster's work and about the relationship between texts, their authors, their readers, and their critics.
