Loudoun County Virginia Marriages 1760-1850:

The Householder Genealogy, 1987 **Henry Foxall's Journals, 1816-1817** Jane Donovan, 2022-08-09 This book introduces four journals that Henry Foxall 1758-1823 kept during a trip to the British Isles in 1816-1817. It provides unique primary source material extensively annotated for clarity and context. Foxall's journals offer an eyewitness account of Methodist embourgeoisement and institutionalization as they were occurring. They also provide some insight into the developing differences between American and British Methodism. The journals contain information on recent technological innovations of the British Industrial Revolution and recount Foxall's interactions with a number of prominent persons both in British Methodism and outside it. Because of Foxall's close relationship with Francis Asbury, his status as an insider at the highest levels of American Methodism, and his clear understanding of the British Methodism in which he was raised, converted, and first licensed as a local preacher, his perspective is well informed and unique. **Marriage Records in the**

Virginia State Library John Vogt, 1988 This is an updated edition to microfilm and manuscript materials for Virginia marriage records found in the Archives Branch of the Virginia State Library in Richmond, Virginia. **The Washingtons, Volume 2** Justin Glenn, 2014-07-29 This is the second volume of a comprehensive history that traces the Presidential line of the Washingtons. Volume one began with the immigrant John Washington who settled in Westmoreland Co., Va. in 1657, married Anne Pope, and was the great grandfather of President George Washington. It continued the record of their descendants for a total of seven generations. Volume two is a collection of notable descendants of the next eight generations of John and Anne Washington's descendants, including such luminaries as General George S. Patton, the author Shelby Foote, and the actor Lee Marvin. Future volumes will trace generations eight through fifteen, making a total of over 63,000 descendants. Although structured in a genealogical format for the sake of clarity, this is no bare bones genealogy but a true family history with over 1,200 detailed biographical narratives. These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others, great and humble, who struggled to build that country. The Washingtons includes the time-honored John Wright line, which in recent years has been challenged largely on the basis of DNA evidence. Volumes one and two form a set with a cumulative bibliography appearing at the end of volume two.

Reconstructing William Allen 1711-1799 (Revised) Douglas Allen, 2017-04-15 *Reconstructing William Allen 1711-1799* is a combination history, biography, and genealogy of this immigrant from Northern Ireland who came to America in 1729. It explores not only the facts of his life but places them within the context of the historical events of his time. It also attempts to build a picture of the communities within which he lived. In order to provide as broad a picture as possible, the book includes a social history of the Scots-Irish people who spent a century or so in Northern Ireland before coming to America en masse during the 18th century. Also included are appendices with research notes, bibliography, and index. 518 pages, hardback. **Some Copeland and Little Families** Alice Lucille Harney, Fairline Bigley, 1998 Robert Little's parents not listed; was born about
