Louis Icart The Complete Etchings:

Louis Icart: The Complete Etchings, Revised and Expanded 5th Edition William R. Holland, Clifford P. Catania, Nathan D. Isen, 2015-09-28 This newly expanded book on Louis Icart one of France's most well known art deco artists now includes a section on his oil paintings as well as over 512 different etchings painstakingly acquired and photographed Particular attention has been given to the early years 1911-1924 when Icart was a relatively unknown artist and his edition sizes were small With few exceptions the book contains large full color illustrations that give the reader a true representation of the full size etchings The authors clarify some of the existing confusion surrounding Icart's work explaining the variations in his signature the use of the Windmill seal and other seals and the myriad copyright notations found on his artwork The illustrations have been carefully measured and dated This is a great addition to the Icart legacy **The Etchings of Louis Icart** S. Michael Schnessel, Mel Karmel, 1997-01-09 Artist Louis Icart's famous etchings of beautiful women are pictured here in 456 photos with critical appraisals of his techniques A family background includes personal photos of Icart's wife scenes from his home and studio and a chronological catalog of many of his etchings The Etchings of Louis Icart S. Michael Schnessel, Mel Karmel, 1982 Art Nouveau, Art Deco, American Arts & Crafts Sotheby's (Firm), 1996 **Antique Trader Book Collector's Price Guide** Richard Russell, 2009-11-13 This new edition of Antique Trader Book Collector's Price Guide provides readers with the information and values to carve a niche for themselves in a market where rare first editions of Jane Austen's *Emma* and J K Rowling's *Harry Potter and the Philosopher's Stone* recently sold at auction for 254,610 dollars and 40,355 dollars respectively Organized in 13 categories including Americana banned paranormal and mystery this guide discusses identifying and grading books and provides collectors with details for identifying and assessing books in 8,000 listings **Being Doll** Lisa Pavlik-Malone, 2014-07-24 In this second volume following *Dolls Clowns Things* the author once again explores the symbolic relationship between the self and the object This time however the possible fundamental role of cognitive consonance characterized here as the ability of the mind to integrate opposing ideas into a single expanded understanding of Self is studied in terms of how it might relate to the following three categories of intuitive experience One my physical object in which consonance or wholeness expands one's understanding of Self when ideas about youngness and oldness become integrated as part of episodic memories that involve an actual physical toy doll Two my objectified being in which consonance takes place when again ideas about youngness and oldness become integrated through the metaphoric objectification of certain points located on the human female body And three in which consonance develops as youngness and oldness ideas become integrated through a doll as a work of art Within the theoretical framework of each of these three categories various psychological dynamics which encompass memory metaphor and neuroplasticity are understood to be essential to the molding and shaping of one's subjective experience of doll *Wanted to Buy* Collector, 1991 **(Louis) Icart** S. Michael Schnessel, 1976 Over 500 different etchings with particular attention to the early years 1911-1924 when
