The Role of Reading in Nine Famous Lives Donald E. Howard, 2015-09-11 According to the end of millennium Arts and Entertainment Television Network survey, the single most influential person of the last thousand years was Johann Gutenberg, the inventor of the printing press. The revolutionary advent of moveable metal type made possible the diffusion of books to people around the world, profoundly influencing the lives of many famous historical figures thereafter. This book attempts to demonstrate the role that reading has played throughout the course of history. It documents the lives of nine individuals of outstanding achievement whose efforts were molded by the books they read. The subjects are presented in chronological order according to birth. Respective chapters contain brief biographies of the subjects and discuss the ways in which each used books as a principal aid in the development of his or her exceptional talents. Subjects include Benjamin Franklin, who was in 1724 an active connoisseur in the rapidly growing printing trade; Thomas Jefferson; Abraham Lincoln; Frederick Douglass; Susan B. Anthony; Booker T. Washington; Pearl S. Buck; Louis L. Amour; and Nelson Mandela. The book maintains that while these historical figures represent a wide range of talents and influences, to each is attributed invaluable contributions to society. Each was a dedicated reader, inspired to greatness by the power of the written word.

The Wall Street Journal More unpublished works from the archives of Louis L'Amour: complete short stories, partial novels, treatments, and notes that will transport readers from the Western frontier to India, China, and even the future. Exploring the creative process of an American original, the Louis L'Amour's Lost Treasures series will uncover the hidden history behind the author's best-known novels and his most mysterious and ambitious unfinished works. In this second volume, Beau L'Amour examines how his father made the transition from struggling pulp writer to successful novelist and uses his father's notes, journal entries, and correspondence to continue the process of seeking out how and why many of these never-before-seen manuscripts were written, as well as speculating about the ways they might have ended. These selections include the beginnings of a post-apocalyptic science-fiction tale, a proposal for a nonfiction project based on the life of Renaissance-era traveler Ibn Batuta, and two chapters of a historical novel set in India about the origin of L'Amour's well-known Talon family. At the other end of the spectrum are classic adventures such as *In the Measure of Time*, a chance encounter set on the high seas, and a science-fiction film treatment set in Mexico, as well as seventeen chapters of a novel that reappears throughout Louis's journals and letters and speaks to his fascination with post-revolutionary 1950s China, leading him so far as to correspond with the Dalai Lama. With rare photographs and commentary, this book further maps the journey L'Amour embarked upon to become one of our greatest storytellers and the diverse realms to which his imagination traveled, making him a true American pioneer

The Trail to Crazy Man Louis L'Amour, 2005-07-26 A WORD FROM LOUIS L'AMOUR Almost forty years ago when my fiction was being published exclusively in pulp western magazines I wrote several novel length stories which my editors called magazine novels In creating them I became so involved with my characters that their lives were still as much a part of me as I was of them long after the issues in which they appeared became collector's items Pleased as I was about how I brought the characters and their adventures to life in the pages of the magazines I still wanted the reader to know more about my people and why they did what they did So over the years I revised and expanded these magazine works into fuller length novels that I published in paperback under other titles These particular early magazine versions of my books have long been a source of great speculation and curiosity among many of my readers so much so of late that I'm now pleased to collect three of them in book form for the first time I hope you enjoy them
