Breakthrough Analysis of Daniel's Prophecies R. Allan Dermott,2023-04-16 Have you ever thought about the possible relevance of Bible prophecies to our lives today In this book you will find new perspectives to consider on the prophecies of Daniel and related history These viewpoints may lead to seeing our world in a different light Stepping away from preconceived ideas about prophecies in general and Daniel s visions in particular give new perspective based on decades of study prayer and insightful contemplation Compelling insights bring to light precisely how these prophetic dates are interrelated how they have significant meaning and may have implications for our lives today Even though the Biblical book

of Daniel was written millennia ago interest in its meaning for faith and the heart remain A broader perspective and the lens of history brings additional context and reconsideration to earlier interpretations Without these perspectives some tended to have been taken piecemeal out of context or viewed without an understanding of the role of each element in their interrelation to the whole This book reexamines many of these and more and based upon a review of literature no book is found that matches the comprehensive nature regarding each of Daniel s nine prophetic spans Dr Dermott brings out the meanings behind each date and he correlates Biblical authorities with each other and with further compelling and original research The narrative invites you to join this exciting journey and experience the exceptionally detailed unfoldment from each beginning prophetic date to its undeniable fulfillment in history The Antichrist Philip C.
