*French Colonial Louisiana and the Atlantic World* Bradley G. Bond, 2005-07

French colonial Louisiana has failed to occupy a place in the historic consciousness of the United States perhaps owing to its short duration 1699-1762 and its standing outside the dominant narrative of the British colonies in North America. This anthology seeks to locate early Louisiana in its proper place, bringing together a broad range of scholarship that depicts a complex and vibrant sphere. Colonial Louisiana comprised the vast center of what would become the United States. It lay between Spanish, British, and French colonies in North America and the Caribbean and between woodland and eastern plains Indians. As such, it provided a meeting place for Europeans, Africans, and native Americans, functioning as a crossroads between the New World and other worlds. While acknowledging colonial Louisiana's peripheral position in U.S. and Atlantic World history, this volume demonstrates that the colony stands at the thematic center of the shared narratives and historiographies of diverse places. Through its twelve essays, *French Colonial Louisiana and the Atlantic World* tells a whole story, the story of a place that belongs to the historic narrative of the Atlantic World.
