

“To love is to risk
not being loved in return.
To live is to risk dying.
To hope is to risk despair.
To try is to risk failure.
But risks must be taken
because the greatest
hazard in life is to risk nothing.”

Love In Hazard:

Hazard's Register of Pennsylvania ,1831 *Disenchanted Modernity in Robert Kroetsch's The Studhorse Man*
Francis Zichy,2010 This book undertakes a detailed reading of Robert Kroetsch's *The Studhorse Man* examining this Canadian novel in its transnational historical and socio cultural context Key subject headings are biology and culture sex and gender eugenics and contraception writing and reading The overarching theme is disenchanted modernity in the twentieth century the systematic displacement of the divine and natural order by a humanly ordained social regime and by forms of social engineering that brought to bear the full force of modern science invasively to alter the most fundamental conditions of human life The more immediate literary frames of reference are Greek mythology early Christian debates on the body and marriage and the lore of the North American Aboriginal trickster as these are deployed and alluded to in Kroetsch's novel In establishing the sources and contexts of *The Studhorse Man* this study examines Robert Kroetsch's early drafts of the novel and his many notes taken and clippings assembled during its composition An effort has been made to appeal to a wide range of general and academic readers alike by avoiding specialized jargon and adopting a cross disciplinary approach This book will be of interest to scholars of literature and literary theory and of use in courses on literature and the novel on masculinity and gender studies and on cultural history in the twentieth century The Yoke of Love Avraham Oz,1995 The theme of this book is disinheriting a father Appropriating Shylock's Jewishness into the broader field of Otherness and using *The Merchant of Venice* as a point of departure and a pivot of its discourse *The Yoke of Love* is an intellectual foray into many issues and areas of thought suggested by the Shakespearean text from cultural history and folklore to medieval philosophy and theology from politics of the theatre to literary theory from Jewish history to early modern debates on property usury and slavery all converging in the cultural and theatrical deployment of prophetic riddles in the play involving inspired caskets intriguing legal bonds and problematic tokens of love Tracing the conceptual history of prophecy since ancient times and relating it to relevant concepts such as conscience wisdom and time *The Yoke of Love* establishes the special standing of the prophetic in early modern discourse and English Renaissance drama **For the Love of Mother** Michael Scott Curnes,2011-03 Under a cloak of what cynics refer to as the sweeping stupidity that followed September 11 2001 while senators and representatives were working out harmonies for their newest rendition of *God Bless America* a pair of Executive Orders slipped out of the White House establishing the Patriot Act and the Department of Homeland Security the first expanding the definition of terrorism to include domestic acts against citizens and government interests and the second creating a bureaucratic juggernaut of twenty two agencies with over 200 000 employees Just as staggering in the Pacific Northwest more than 250 concrete dams regulate a watershed the size of France choking the life out of tributaries that barely feed the 1 243 mile long Columbia River The fourteen hydroelectric dams on The Columbia's main stem have contorted America's fourth largest river into a system of sluggish slack water reservoirs that harnesses nearly a third of all the hydropower potential in the U S but at

the biological expense of a now decimated millennia old salmon run Against this concrete river stopping backdrop a pair of monkey wrenchers known only as Hooknose and Hazard polka dot the Pacific Northwest with hits of eco sabotage intending to stop the industrial annihilation of the planet in its bulldozer tracks These elusive characters unknowingly manipulated by a master puppeteer are heading for a stumble that will make 9 11 look like it was little more than a crack in the firmament that is if they can navigate themselves out of the way of a cresting tidal wave of red tape Michael Scott Curnes lifts the cloak on domestic terrorism to offer a perverted glimpse at the extremes to which both environmental activists and the government of the day will go in their eco tug of war for The Love of Mother **Women, Reading, Kroetsch** Susan Rudy,2010-10-30

Women Reading Kroetsch Telling the Difference is a book of both practical and theoretical criticism Some chapters are feminist deconstructive readings of a broad range of the writings of contemporary Canadian poet critic novelist Robert Kroetsch from *But We are Exiles* to *Completed Field Notes* Other chapters self consciously examine the history and possibility of feminist deconstruction and feminist readings of Kroetsch s writing by analyzing Kroetsch Derrida and Freud on subjectivity and sexuality Neuman Hutcheon and van Herk on Kroetsch As such the book speaks out of and about a number of contemporary theoretical discourses including particular positions within Canadian literary criticism feminism postmodernism and poststructuralism Written by a woman reader whose theoretical and methodological orientations are both feminist and poststructuralist *Women Reading Kroetsch Telling the Difference* problematizes notions of writing reading gender sexuality and subjectivity in and through Robert Kroetsch s writings In this critical study of one writer s work the author also challenges the traditionally subservient relationship of reader to text and so empowers the feminist reader as well as if not rather than the male writer Habitability of the Love Canal area : an analysis of the technical basis for the decision on the habitability of the emergency declaration area.
