Mikulsky,2022-07-09 Shortly after joining a new company Aaron began writing weekly emails to his team On Monday July 21 2014 he sent his first Monday MO It was short Care more than others think is wise Risk more than others think is safe Dream more than others think is practical Expect more than others think is possible Set excellence as your standard Aaron received tremendous feedback that these weekly Monday MOs or Monday Motivations

were valuable People craved someone who cared about them personally acknowledged them and respected them They wanted to authentically be encouraged to learn grow improve and be supported People desperately longed for a jolt of positivity and motivation each week Time progressed and the influence of the Monday MO grew Colleagues outside of Aaron's organization wanted to be included in his distribution He was also asked to include spouses parents children and friends MOs were forwarded to others outside of the company who then asked to be included The audience soon became quite large and diverse The Monday MOs were based on topics relevant to the times something Aaron may have recently read or on a subject matter someone wanted him to write about He selected the ones that have stood out the most and has organized them by theme The final product is the book before you Unlike many books that are meant to be read from start to finish this book may be read in any order Pick a topic and read as many as you find beneficial Some may resonate more than others but the hope is that you find many that interest and inspire you This book is for you if you are a curious person who wishes to stretch your mind and get exposure to new perspectives Now go read a MO

illuminates topics as diverse as Chinese love one night stands teen romance or love of leaders and many more This is a definitive reference in the field of love studies Eva Illouz author of *The End of Love A sociology of Negative relationships* Oxford University Press This is not a volume to be read in a single sitting though I almost did due to a protracted hospital stay nor is it romantic or inspirational reading though in some cases I had hoped for more narrative examples and case studies Rather it is a highly diverse scholarly effort a massive resource collection of research papers on love in a variety of contexts personal and professional settings and cultures The work is well referenced providing a large number of resources for deeper exploration We owe our thanks to the authors and editors of this handbook for work well done though that word in the title should not lead readers to suspect that enlightening as it is this book is a vade mecum or practical tour guide that provides ready solutions to the vicissitudes and challenges of our love lives Reviewed by Dr George F Simons on amazon com Please see Claude H l ne Mayer s interview related to the handbook in LeanHealth Talks published by Bernadette Bruckner <https://www.youtube.com/watch?v=yVNXA9sWuWo> Please see Claude H l ne Mayer s interview related to the handbook published In Iran News Daily <https://newspaper.irandaily.ir/nid/6941/pid/6/type/0>
