## Love Poetry Of The Ancient Spanish Moors:

Love Poetry of the Ancient Spanish Moors Charles F. Horne, 2005-12 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. An Anthology of Spanish Poetry John A. Crow, 1980-12-01 John A. Crow, a leading Hispanist, has culled the best translations available by such poets as Richard Franschawe, Edward Fitzgerald, Percy Bysshe Shelley, Lord Byron, Henry Wadsworth Longfellow, William Cullen Bryant, Robert Southey, and many distinguished modern poets of poems ranging from the eleventh century to the present to make this the most complete collection of both Spanish and Spanish American poetry in English translation. Represented here is work by such twentieth-century poets as Gabriela Mistral, Octavio Paz, Federico García Lorca, César Vallejo, Pablo Neruda, Anotnio Machado, and Juan Ramón Jiménez, many of whom the editor has known personally. The inclusion of many contemporary poets whose verse has never before appeared in English makes this anthology a particularly valuable collection. *Ancient Spanish Ballads*, 1854 **International Handbook of Love** Claude-Hélène Mayer, Elisabeth Vanderheiden, 2021-05-04 This handbook is the winner of the William B. Gudykunst Award for Outstanding Book in 2023 given by the International Academy of Intercultural Research. This handbook includes state-of-the-art research on love in classical, modern, and postmodern perspectives. It expands on previous literature and explores topics around love from new cultural, intercultural, and transcultural approaches and across disciplines. It provides insights into various love concepts like romantic love, agape, and eros in their cultural embeddedness and their changes and developments in specific cultural contexts. It also includes discussions on postmodern aspects with regard to love and love relationships such as digitalisation, globalisation, and the fourth industrial revolution. The handbook covers a vast range of topics in relation to love: aging, health, special needs, sexual preferences, spiritual practice, subcultures, family, and other relationships, and so on. The chapters look at love not only in terms of the universal concept and in private, intimate relationships but apply a broad concept of love which can also, for example, be referred to in postmodern workplaces. This volume is of interest to a wide readership including researchers, practitioners, and students of the social sciences, humanities, and behavioural sciences. In the 1970s through the 90s, I was told that globalization was homogenizing cultures into a worldwide monoculture. This volume, as risky and profound as the many adventures of love across our multiplying cultures, proves otherwise. The authors' revolutionary and courageous work will challenge our sensibilities and expand the boundaries of what we understand what love is. But that's what love does. It communicates what is, offers what can be, and pleads for what must be. I know you'll enjoy this wonderful book as much as I do.
