

LUST vs LOVE

**Physical connection -
how it looks, smells, and feels**

**Emotional connection -
how someone makes you feel,
conversations, and support**

**All about satisfying
your own desires**

**Long-term and enduring;
it grows stronger over time**

**Short-term and intense;
it fades quickly**

**About putting the other
person first**

**Often based on superficial
qualities like looks, status,
and material possessions**

**Based on deeper qualities
like character, personality,
and values**

**Passionate and exciting,
like a rollercoaster ride**

**Compassionate and
comforting, like a warm hug**

Why We Love Helen Fisher,2005-01-02 A groundbreaking exploration of our most complex and mysterious emotion Elation mood swings sleeplessness and obsession these are the tell tale signs of someone in the throes of romantic passion In this revealing new book renowned anthropologist Helen Fisher explains why this experience which cuts across time geography and gender is a force as powerful as the need for food or sleep Why We

Love begins by presenting the results of a scientific study in which Fisher scanned the brains of people who had just fallen madly in love. She proves at last what researchers had only suspected: when you fall in love, primordial areas of the brain light up with increased blood flow, creating romantic passion. Fisher uses this new research to show exactly what you experience when you fall in love: why you choose one person rather than another and how romantic love affects your sex drive and your feelings of attachment to a partner. She argues that all animals feel romantic attraction; that love at first sight comes out of nature and that human romance evolved for crucial reasons of survival. Lastly, she offers concrete suggestions on how to control this ancient passion and she optimistically explores the future of romantic love in our chaotic modern world. Provocative, enlightening, and persuasive, *Why We Love* offers radical new answers to the age-old question of what love is and thus provides invaluable new insights into keeping love alive.

Michelle McKinney Hammond, Joel Brooks, 2009-09-15

What You Don't Know about Yourself Will Hinder You. What You Don't Know about Men Will Hurt You. What You Don't Know about Relationships Will Cost You. Why does the modern-day search for romance so often end in disappointment, especially for women? Is it something we do? Something we don't do? Are we missing important information about the opposite sex or about ourselves? Is there something wrong with us that we long so desperately for 'til death do us part? Sadly, many women today see their ongoing singleness as a weakness or lack of worth. In truth, our dreams go unfulfilled not because we do not deserve for them to come true, but often because of wrong assumptions, assumptions that can easily be corrected. Drawing on both male and female perspectives, this book deals with the hard issues and questions you and other women ponder as you consider how to obtain lasting love. *What Women Don't Know and Men Don't Tell You* will help you adjust your desires, redefine what you are attracted to, set your values in order, and determine your goals, freeing you at last to pursue the loving relationship you desire.
