Murder Louis B. Schlesinger, 2021-03-22 Sexual Murder Catathymic and Compulsive Homicides is the culmination of the author's 45 years of experience with and studying sexually motivated homicide Sexual murders are generally of two types catathymic and compulsive Catathymic homicides are caused by a breakthrough of underlying sexual conflicts They can be unplanned explosive acute attacks or planned murders stemming from a chronic obsession with or disturbed attachment to the victim In compulsive homicides a fusion of sex and aggression results in a powerful internal drive which pushes the offender to seek out victims to kill and the killing itself is sexually gratifying These murders also may be planned or unplanned In compulsive homicides that are unplanned the urge breaks through and disrupts the offender's controls when a victim of opportunity crosses his path The compulsive offender who plans his crimes often eludes law enforcement and as a

result he can have multiple serial victims over extended periods of time Both forms of sexual murder the catathymic and the compulsive are presented in this volume from a clinical descriptive perspective encompassing case studies with analysis Recent advances in empirical research in sexual murder including findings from the joint research project between John Jay College of Criminal Justice and the FBI Behavioral Analysis Unit in Quantico has published many important studies These include such topics as necrophilia foreign object insertions in sexual homicide ritual and signature and temporal patterns in serial sexual homicide mass murder crime scene staging in homicide and undoing symbolic reversal at homicide scenes All such research will be included and incorporate into this fully updated Second Edition including approximately fifty new clinical case studies

Radical Happiness Lynne Segal, 2018-11-13 A passionate call to rediscover the political and emotional joy that emerges when we share our lives In an era of increasing individualism we have never been more isolated and dispirited A paradox confronts us While research and technology find new ways to measure contentment and popular culture encourages us to think of happiness as a human right misery is abundant Segal believes we have lost the art of radical happiness the liberation that comes with transformative collective joy She argues that instead of obsessing about our own well being we should seek fulfilment in the lives of others Examining her own experience in the women's movement Segal looks at the relationship between love and sex and the scope for utopian thinking as a means to a better future She also shows how the gaps in care that come from the diminishing role of the welfare state must be replaced by alternative ways of living together and looking after one another In this brilliant and provocative book Segal proposes that the power of true happiness can only be discovered collectively
