Love Be Wary:

Sir Salomon; or, The cautious coxcomb, a comedy [by J. Caryl]. John Caryl, 1671 **Politics and the Order of Love** Eric Gregory, 2008-08-15 Augustine for all of his influence on Western culture and politics was hardly a liberal Drawing from theology feminist theory and political philosophy Eric Gregory offers here a liberal ethics of citizenship one less susceptible to anti liberal critics because it is informed by the Augustinian tradition The result is a book that expands Augustinian imaginations for liberalism and liberal imaginations for Augustinianism Gregory examines a broad range of Augustine s texts and their reception in different disciplines and identifies two classical themes which have analogues in secular political theory love and related notions of care solidarity and sympathy and sin as well as related notions of cruelty evil and narrow self interest From an Augustinian point of view Gregory argues love and sin constrain each other in ways that yield a distinctive vision of the limits and possibilities of politics In providing a constructive argument for Christian participation in liberal democratic societies Gregory advances efforts to revive a political theology in which love s relation to justice is prominent **Politics and the Order of Love** will provoke new conversations for those interested in Christian ethics moral psychology and the role of religion in a liberal society **Symphonies Under the Stars**, 1927 **Love's Shadow** Paul A. Bové, 2021-01-12 A case for literary critics and other humanists to stop wallowing in their aestheticized helplessness and instead turn to poetry comedy and love Literary criticism is an agent of despair and its poster child is Walter Benjamin Critics have spent decades stewing in his melancholy What if instead we dared to love poetry to choose comedy over Hamlet s tragedy or to pursue romance over Benjamin s suicide on the edge of France of Europe and of civilization itself Paul A Bov challenges young lit critters to throw away their shades and let the sun shine in **Love's Shadow** is his three step manifesto for a new literary criticism that risks sentimentality and melodrama and eschews self consciousness The first step is to choose poetry There has been since the time of Plato a battle between philosophy and poetry Philosophy has championed misogyny while poetry has championed women like Shakespeare s Rosalind Philosophy is ever so stringent try instead the sober cheerfulness of Wallace Stevens Bov s second step is to choose the essay He praises Benjamin s great friend and sometime antagonist Theodor Adorno who gloried in writing essays not dissertations and treatises The third step is to choose love If you want a Baroque hero make that hero Rembrandt who brought lovers to life in his paintings Putting aside passivity and cynicism would amount to a revolution in literary studies Bov seeks nothing less and he has a program for achieving it
