The Practical Works of the Late Reverend and Pious Mr. Richard Baxter. Richard Baxter,1707 Medieval Persian Court Poetry Julie Scott Meisami,2014-07-14 Dr Meisami discloses previously neglected stylistic qualities and ethical purposes in medieval Persian court poetry and shows that court poets were also moral instructors who examined and celebrated the values they shared with their audiences The book also takes into account the close relationship between Persian and Arabic court poetry Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Two Questers in the Twentieth-century North Africa** Imen Ayari Cozzo,2016-09-23 This book offers a unique exploration of the work of Paul Bowles and Ibrahim Alkoni and reveals timely insights into the relationship between the West and the Orient showing that they both challenge and extend existing scholarship on this subject It builds on a sound theoretical platform which serves as a solid foundation for the analysis of the overarching theme Theories of place representation Orientalism and post colonialism are discussed in

depth and are linked to the deconstruction and analysis of the selected literary texts helping the reader understand the various quests and motivations of the protagonists of the works of Bowles and Alkoni The first part of the book looks into the work of Bowles and is based on the fact that many of the author s texts revolve around the theme of encounters between Western and Eastern cultures It adopts a specific focus on the North African space which is depicted from a number of different points of view including native French English and American perspectives The second section discusses the work of the Libyan author Ibrahim Alkoni as a quester for a Mythical Identity It introduces the reader to the significance of the desert in both classical and modern Arabic literature and its place in the Arabic cultural imaginary This work is highly original both in its approach and subject matter and as such it constitutes a valuable contribution to the study of comparative literature Arabic literature and postcolonial magical realist literature It offers many original insights into this little studied field demonstrating a successful venture into less trodden terrain *The Unity-Based Family* H.B. Danesh,2017-06-23 Getting married forming a family and parenting are among the most consequential tasks we undertake in our lives This book is about creating loving and united marriages nurturing and happy families and rearing healthy and successful children It provides dramatically new concepts and practical strategies on how to achieve these noble objectives in our rapidly changing and challenging world Based on current scientific research original conceptual formulations and intensive clinical studies The Unity Based Family is at once groundbreaking enlightening helpful and profound *Love* Ryan Patrick Hanley,2024 Love has been a central concept of philosophical inquiry over the last several millennia Love A History chronicle the most significant moments in this concept s long and complex evolutionary life and collectively tell the story of the ways in which love s horizons shifted from the transcendent to the immanent over the course of its conceptual history *A Hidden Wisdom* Christina Van Dyke,2022-09-29 Medieval philosophy is primarily associated today with university based disputations and the authorities cited in those disputations In their own time however scholastic debates were recognized as just one part of wide ranging philosophical and theological discussions A Hidden Wisdom breaks new ground by drawing attention to another crucial component of these conversations the Christian contemplative tradition The period from 1200 to 1500 in particular saw a dramatic increase in the production and consumption of mystical and contemplative literature in the Christian West by laypeople as well as religious scholars women as well as men A Hidden Wisdom focuses on five topics of particular interest to both scholastics and contemplatives in this period namely self knowledge reason and its limits love and the will persons and immortality and the afterlife This focus centers the often overlooked contributions of medieval women and demonstrates that when we re unite scholasticism with its contemplative counterpart we gain not only a more accurate understanding of the scope of medieval Christian philosophy and theology but also an increased awareness of a deeply practical tradition that builds up as well as tears down generates as well as deconstructs The book s treatment of topics and figures is meant to be representative rather than exhaustive a tasting menu rather than a comprehensive study The choice of topics offers a series

of hooks for philosophers to connect their own interests to issues central to medieval contemplative philosophy while also providing medievalists in other disciplines a fresh lens through which to view these texts [A Heart's Story: Love's Poetic Anthology](#) Sidney Frye II, 2007-03-08 Through the medium of poetry A Heart s Story creatively reframes a tale common to the human experience our intrinsic search for love The age old quest for love has long fascinated and frustrated human hearts Following a dialouge between the beloved and the lover A Heart s Story illustrates how true love can ultimately only be found in the source of love itself
