The Making of a Socialist Roland Douglas Sawyer, 2017-07-11 Excerpt from The Making of a Socialist Le Document Humain As the story of a working man who by force of circumstances was forced from the bench to give his time to reading and study and thus to see things a little more intelligently than many of the workers have opportunity to do I want this sketch of my life to be considered I have ventured to have this story published for several reasons one is that several who read it in the New York Call have written to me suggesting such a course another is that while we have built up a good scientific literature of Socialism here in America yet we are short of books of lighter vein biography fiction poetry mere literature with us is scant so I feel there is a place for such a book again I don't know why the story is not well enough told to be put into a book but the reason above all others is that my faith in the Cause is such that I would rather my name be permanently connected with it than with anything else The Making of My Socialism I consider the most important thing in my life for the Cause I have thrown away any chances I may have had of professional success I have sacrificed many things that once loomed big for me and thus I want to put on record my affiliation with the International Socialist Movement About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
