Zachman, 1982-02-01 **Speech-Language Pathologist's Guide to Home Health Care** Roberta Pierce, 1999-12-13

Roberta B Pierce has worked extensively with patients of all ages and all types of communication disorders for over thirty years. She has experience in an out patient rehabilitation center, a rehabilitation hospital, an acute care hospital, and private practice. Since 1975, she has contracted to provide speech language pathology services to home health agencies. She shares this expertise with clinicians just entering the home health field in the *Speech Language Pathologist's Guide to Home Health Care*. This book contains reference materials, patient and family counseling and education materials, and treatment activities that are invaluable for working with the adult neurogenic population in all healthcare settings. Content coverage includes diagnostics, documentation, counseling the patient and family, treatment procedures, and therapy activities. *"Elocutionary Manual."* Alexander Melville Bell, 1878 *The elocutionary manual* Alexander Melville Bell, 1860 A Life to Rescue Karen Michelle Graham, 2010-05-04. The puzzling behavior of a two year old boy baffles his parents. Why would a child flap his hands, not respond to his name, and regress in his language skills? A specialist reveals the news: autism. Yet amid the heartache, the couple discovers a road to overcoming autism. *A Life to Rescue* relives the wonder of this child's deliverance, providing a hope available to other young children with autism. The book appendix includes therapy basics, hiring tips, scheduling, meetings, payroll, workshops, peer play, learning in a group, school success, and depression. I found it *A Life to Rescue* very readable and a valuable presentation of ABA Applied Behavior Analysis. How anyone could read this mother's account and not be informed, impressed, and inspired by the method and the results gained with her son is totally beyond my imagination. I learned so much, and I've been working in the field of autism for over thirty-five years. Dr. Laurence A. Becker, Ph.D. What a great book! A fantastic reference for parents. A great tribute to all that ABA Lovaas therapy can do. Crystal Burns, Held, ABA Consultant. Website: www.aLifetoRescue.com. Karen Michelle Graham is a wife and mother of two children: a 22-year-old daughter, Jennifer, and a 17-year-old son, Jeremy. Karen received a Bachelor of Arts in Business Management, worked as a computer programmer for fourteen years, and is currently a writer and speaker. She has served as a Christian school board member, been president of her local Toastmasters club, and taught Women's Bible Study at her church. *Asha* American Speech-Language-Hearing Association, 1988-08 *Targeting Language Delays* Caroline Lee, 2020-04-15. *Targeting Language Delays: Language and Reading IEP Goals* provides sequential steps in programming to meet more than 100 IEP goals in the areas of receptive and expressive language, listening, and whole word reading for verbal and non-verbal school-age students who have communication difficulties in association with development challenges such as Down Syndrome, Autism.
