Manual Of The Andamanese Languages:

A Manual of the Andamanese Languages Maurice Vidal Portman, 1887 Manual of the Andamanese Languages M. V. Portman, 1987-01-01 A Manual of the Andamanese languages M. V. Portman, 1887 A Grammar of the Great Andamanese Language Anvita Abbi, 2013-07-18 Winner of the 2015 Kenneth L Hale Award A Grammar of the Great Andamanese Language is the first ever detailed and exhaustive account of Great Andamanese a moribund language spoken on the Andamanese Islands belonging to India in the Bay of Bengal This important documentation covers all major areas of the grammar of Great Andamanese and gives us a first detailed look at this unique language which is on the verge of extinction Of particular interest here is the discussion of the body division class markers which play an important role throughout much of the grammar and which are documented in this volume for the first time The volume will be of interest for general linguists from the fields of linguistic typology and areal linguistics as well as those interested in South Asian languages in general *Manual of the Bengâlî Language, Comprising a Bengâlî Grammar and Lessons, with Various Appendices, Including an Asamese Grammar* George Frederick Nicholl, 1894 **The Hindūstānī Manual** Duncan Forbes, 1921 *Andamanese Manual* , **A Grammar of the Bengālī Language** Duncan Forbes, 1875 **A Grammar of Akajeru** Raoul Zamponi , Bernard Comrie, 2021-11-11 A Grammar of Akajeru describes aspects of the grammatical system and lexicon of Akajeru a traditional dialect of the North Andamanese language as it was reportedly used around the beginning of the twentieth century It is based primarily on the fragments of this variety provided by the British anthropologist Alfred R Radcliffe Brown and scattered among the published results of his anthropological research carried out on the islands between 1906 and 1908 These are supplemented by published lists of 46 anatomical terms and 28 toponyms collected by Edward Horace Man Officer in Charge of the Andamanese 1875 79 The book provides a linguistic analysis of all the extant Akajeru material plus items identified by Radcliffe Brown as North Andaman without further specification his few records of Akabo and Akakhora and Man s few records of Akakhora which together constitute all the documentation of these other traditional North Andamanese dialects It includes a grammatical sketch of Akajeru a list of all the words that were recorded together with an English Akajeru finder list and a comparison between Akajeru and Present day Andamanese an Akajeru based variety with elements from all the other traditional dialects of North Andamanese that is today remembered by only three people **A Chinese Manual** Sir Robert Kennaway Douglas, 1904 The handbook to British military stations abroad Ludovick Charles R. Duncombe Jewell Cameron, 1898 **The Languages and Linguistics of South Asia** Hans Henrich Hock, Elena Bashir, 2016-05-24 With nearly a quarter of the world s population members of at least five major language families plus several putative language isolates South Asia is a fascinating arena for linguistic investigations whether comparative historical linguistics studies of language contact and multilingualism or general linguistic theory This volume provides a state of the art survey of linguistic research on the languages of South Asia with contributions

by well known experts Focus is both on what has been accomplished so far and on what remains unresolved or controversial and hence offers challenges for future research In addition to covering the languages their histories and their genetic classification as well as phonetics phonology morphology syntax and sociolinguistics the volume provides special coverage of contact and convergence indigenous South Asian grammatical traditions applications of modern technology to South Asian languages and South Asian writing systems An appendix offers a classified listing of major sources and resources both digital online and printed

A Grammar of the Portuguese Language in a Simple and Practical Form Alfred Elwes, 1910 [The Language of Hunter-Gatherers](#) Tom Güldemann, Patrick McConvell, Richard A. Rhodes, 2020-02-27 Offers a linguistic window into contemporary hunter gatherer societies looking at how they survive and interface with agricultural and industrial societies

Publishers' Circular and General Record of British and Foreign Literature, and Booksellers' Record, 1897 [A Grammar of Akabea](#) Raoul Zamponi, Bernard Comrie, 2020-07-15 This volume is the first extensive and reliable grammatical description of any traditional language of the Great Andamanese family Akabea died out in the 1920s but was extensively documented in the late nineteenth century by two British administrators Edward Horace Man and Maurice Vidal Portman Although neither was a trained linguist their material nonetheless provides a sufficient basis for a reliable analysis of Akabea grammar especially its morphology and its phrasal and clausal syntax although there are inevitable limitations on our understanding of Akabea phonology clause combining and discourse structure The grammar is accompanied by an online appendix that provides a diplomatic edition with commentary and analysis of the single most valuable resource for Akabea grammatical analysis Portman's Dialogues Raoul Zamponi and Bernard Comrie's Grammar of Akabea offers a unique insight into the culture history and prehistory of the Andaman Islands and also broadens our understanding of the human capacity for language It highlights the typologically interesting and cross linguistically rare traits of the language such as a rich system of somatic body part prefixes and the phenomenon of Verb Root Ellipsis whereby under certain circumstances the root of a verb may be absent leaving behind a grammatical word consisting solely of affixes The project at last makes this valuable evidence accessible both to linguists and to interested scholars from other disciplines such as anthropology history and genetics

[Publishers' Circular and Booksellers' Record of British and Foreign Literature](#), 1895 *Languages of the Himalayas* George van Driem, 2022-09-12 The survey work Languages of the Himalayas provides a bird's eye view of Himalayan languages and language communities It also constitutes a primary source for much new hitherto unpublished data on several languages The demographic mosaic of the Himalayas today is viewed in a historical and comparative linguistic perspective The reader will find an outline of the historical and prehistorical developments that have determined the modern ethnolinguistic composition of the Himalayan region involving various independent linguistics stocks or language families Maps illustrate the distribution of language communities and trace the routes of ancient migrations There is an illuminating discussion of grammatical features found in Himalayan languages The print edition is available as a set of two volumes

9789004103900 **Language Studies in India** Rajesh Kumar,Om Prakash,2023-04-24 This book addresses a wide range of aspects of the study of language in a variety of domains such as cognition change acquisition structure philosophy politics and education It offers a renewed discussion on normative understanding of these concepts and opens up avenues for a fresh look at these concepts Each contribution in this book captures a wide range of perspectives and underlines the vigorous role of language which happens to be central to the arguments contained therein The uniqueness of this book lies in the fact that it presents simplified perspective on various complex aspects of language It addresses a wide range of audiences who do not necessarily need to have a technical background in linguistics It focuses on complex relations between language and cognition politics education to name a few with reference to cognition change and acquisition This book is for researchers with an interest in the field of language studies applied linguistics and socio linguistics Indian Antiquary ,1889

The Enigmatic Realm of **Manual Of The Andamanese Languages**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Manual Of The Andamanese Languages** a literary masterpiece penned with a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of those who partake in its reading experience.
