Manual of the Mercenary Soldier Paul Balor, 1988

Mercenaries in Asymmetric Conflicts Scott

Fitzsimmons, 2013 Fitzsimmons argues that small mercenary groups must maintain a superior culture to successfully engage and defeat larger and better equipped opponents

The Law of War Ingrid Detter De Lupis, 2013 The third edition of Ingrid Detter's authoritative work explores the changing legal context of modern warfare in light of events over the last decade The new edition covers post 9 11 events and the resulting changes in the ethos of war It analyses the role of military companies sometimes authorised by States to act in war like situations and examines what their legitimacy means for international society The edition also discusses certain intrinsic rules in the Law of War such as rules giving individuals the right to be spared genocide torture slavery and at least nowadays apartheid and assure them basic democratic rights

The Law of War Ingrid Detter, 2016-03-03 The third edition of Ingrid Detter's authoritative work explores the changing legal context of modern warfare in light of events over the last decade Ingrid Detter reviews the status of non State actors as individuals and groups become more prominent in international society Covering post 9 11 events and the resulting changes in the ethos of war the author analyses the role of military companies and examines what their legitimacy means for international society The edition also discusses certain intrinsic rules in the Law of War such as rules giving individuals the right to be spared genocide torture slavery and apartheid and assure them basic democratic rights The author questions the right of illegal combatants to be treated as prisoners of war and suggests that a minimum standard must be afforded to all whether captured dictators or detainees suspected of terrorism In the modern world the individual the soldier the civilian the dictator the terrorist or the pirate can no longer behave as they wish Further new topics include target killings the right to protect R2P claimed to be a new form of intervention the use of unregulated weapons such as drones and robots the war scenario in Outer Space and cyber crimes There is also a discussion of new developments in the field of war crimes including severe criticism of the novel concept joint criminal enterprise JCE which in the opinion of the author undermines the Rule of Law This updated and expanded edition will be of use to statesmen scholars and students of international relations and international law
