## Many Faces Of Evil:

**The Many Faces of Evil (Revised and Expanded Edition)** John S. Feinberg, 2004-05-06 In this examination of the questions posed by the problem of evil John Feinberg addresses the intellectual and theological framework of theodicy. Beginning with a discussion of the logical problem of evil he interacts with leading thinkers who have previously written on these themes.

**The Many Faces of Evil** John S. Feinberg, 1994

In Search of the Good Life Fred Dallmayr, 2007-08-31

The great German novelist Thomas Mann implored readers to resist the persistent and growing militarism of the mid twentieth century. To whom should we turn for guidance during this current era of global violence, political corruption, economic inequality, and environmental degradation? For more than two millennia the world's great thinkers have held that the ethically good life is the highest purpose of human existence. Renowned political philosopher Fred Dallmayr traces the development of this notion, finding surprising connections among Aristotelian ethics, Abrahamic and Eastern religious traditions, German idealism, and postindustrial social criticism. *In Search of the Good Life* does not offer a blueprint but rather invites readers on a cross cultural quest. Along the way the author discusses the teachings of Aristotle, Confucius, Nicolaus of Cusa, Leibniz, and Schiller, in addition invoking more recent writings of Gadamer and Ricoeur as guideposts and sources of hope during our troubled times. Among contemporary themes Dallmayr discusses are the role of the classics in education, proper and improper ways of spreading democracy globally, the possibility of transnational citizenship, the problem of politicized evil, and the role of religion in our predominantly secular culture. Dallmayr restores the notion of the good life as a hallmark of personal conduct, civic virtue, and political engagement, and as the road map to enduring peace. *In Search of the Good Life* seeks to arouse complacent and dispirited citizens, guiding them out of the distractions of shallow amusements and perilous resentments in the direction of mutual learning and civic pedagogy, a direction that will enable them to impose accountability on political leaders who stray from fundamental ethical standards.

**No One Like Him** John S. Feinberg, 2006-04-26 Many contemporary theologians claim that the classical picture of God painted by Augustine and Aquinas is both outmoded and unbiblical. But rather than abandoning the traditional view

completely John Feinberg seeks a reconstructed model one that reflects the ongoing advances in human understanding of God's revelation while recognizing the unchanging nature of God and His Word Feinberg begins by exploring the contemporary concepts of God particularly the openness and process views and then studies God's being nature and acts all to articulate a mediating understanding of God not just as the King but the King who cares Part of the Foundations of Evangelical Theology series      Philosophy through Film Amy Karofsky, Mary M. Litch, 2014-07-11 Many of the classic questions of philosophy have been raised illuminated and addressed in celluloid In this Third Edition of Philosophy through Film Mary M Litch teams up with a new co author Amy Karofsky to show readers how to watch films with a sharp eye for their philosophical content Together the authors help students become familiar with key topics in all of the major areas in Western philosophy and master the techniques of philosophical argumentation The perfect size and scope for a first course in philosophy the book assumes no prior knowledge of philosophy It is an excellent teaching resource and learning tool introducing students to key topics and figures in philosophy through thematic chapters each of which is linked to one or more focus films that illustrate a philosophical problem or topic Revised and expanded the Third Edition features A completely revised chapter on Relativism now re titled Truth with coverage of the correspondence theory the pragmatist theory and the coherence theory The addition of four new focus films Inception Moon Gone Baby Gone God on Trial Revisions to the General Introduction that include a discussion of critical reasoning Revisions to the primary readings to better meet the needs of instructors and students including the addition of three new primary readings excerpts from Bertrand Russell's The Problems of Philosophy from William James Pragmatism A New Way for Some Old Ways of Thinking and from J L Mackie's Evil and Omnipotence Updates and expansion to the companion website including a much expanded list of films relevant to the various subfields of philosophy Films examined in depth include Hilary and Jackie The Matrix Inception Memento Moon I Robot Minority Report Crimes and Misdemeanors Gone Baby Gone Antz Equilibrium The Seventh Seal God on Trial Leaving Las Vegas      **The Hardened Heart and Tragic Finitude** Dan O. Via, 2012-11-05 This book has two main theses First for the biblical Christian doctrine of sin the root of the human problem is hardness of heart the corruption of the core self of the seat of understanding and will On the other hand for an important strand of Greek tragedy the root of human harm doing is the nonculpable blindness and anxiety of finitude that despite the initial nonculpability lead to evil and suffering The Hardened Heart shows that these two different interpretations of human existence are amenable to a degree of synthesis that leads to this conclusion hardness of heart and our ordinary finitude together collude to cause sin in its fullness The second thesis of this volume is that exegetical studies disclose a deconstructive strand in certain biblical texts that represents the finite world that God created as a source of distress and harm doing in something like the tragic sense This subdominant deconstructive position challenges the dominant biblical vision in which the creation came forth from God's creative word as good without qualification      Systematic Theology, Volume One Stephen J. Wellum, 2024-02-15 Stephen Wellum's

Systematic Theology Volume One is a Trinitarian reformational and baptistic systematic theology committed to serious evangelical engagement with the Scriptures Building on decades of research Wellum formulates doctrine exegetically covenantally and canonically for a new generation of students pastors church leaders and seasoned theologians as well

Captured by Evil Laura S. Underkuffler, 2013-05-21 One of the most powerful words in the English language corruption is also one of the most troubled concepts in law According to Laura Underkuffler it is a concept based on religiously revealed ideas of good and evil But the notion of corruption defies the ordinary categories by which law defines crimes categories that punish acts not character and that eschew punishment on the basis of religion and emotion Drawing on contemporary examples including former assembly woman Diane Gordon and former governor Rod Blagojevich this book explores the implications and dangers of maintaining such an archaic concept at the heart of criminal law *Light in a Dark Place* John S. Feinberg, 2018-04-30 What we believe about the Bible is foundational to every part of life Scripture is the very Word of God the final authority for all of theology the governing source of all other doctrines In the latest volume of the Foundations of Evangelical Theology series theology professor John S Feinberg has written a landmark work on the doctrine of Scripture offering a robust serious treatment of topics such as revelation the canon inerrancy infallibility sufficiency preservation and more all with the goal of helping readers cherish obey and be transformed by what God has spoken in his Word *Thinking About Christian Apologetics* James K. Beilby, 2011-09-13 Most introductions to apologetics begin with the how to of defending the faith diving right into the major apologetic arguments and the body of evidence For those who want a more foundational look at this contested theological discipline this book examines Christian apologetics in its nature history approaches objections and practice **Philosophy Through Film** Mary M. Litch, 2002 Philosophy Through Film offers a stimulating new way to explore the basic questions of philosophy Each chapter uses a popular film to examine one such topic from free will and skepticism to personal identity and artificial intelligence in a approachable yet philosophically rigorous manner A wide range of films are discussed including more recent releases like Being John Malkovich Total Recall and Boys Don't Cry and classics like Rashomon and Crimes and Misdemeanors all readily available through major video rental chains This unique and engaging introduction provides an exciting new way to learn about philosophy and connects complicated philosophical questions to the familiar settings of popular culture **Prelude to Philosophy** Mark W. Foreman, 2013-11-15 Unlike a full introduction to philosophy Mark Foreman's book is a prelude to the subject a prolegomenon that dispels misunderstandings and explains the rationale for engaging in philosophical reasoning Concise and straightforward Prelude to Philosophy is a guide for those looking to embark on the examined life **The Wonderful Decree** Travis James Campbell, 2020-01-03 Unconditionally loving Sovereign over all How can God be sovereign over all things and loving towards all people while His creatures possess real freedom and responsibility for their choices Theologians have wrestled with this question for centuries But have our attempted solutions made the problem worse In Wonderful Decree Travis James Campbell suggests we cannot

solve the problem by sacrificing either divine sovereignty and goodness on one hand or human responsibility on the other While considering Arminian and Molinist alternatives he concludes that the traditional Augustinian and Calvinist approach best allows these truths to remain in a healthy and biblically faithful tension Inspired by the example of Spurgeon who preferred biblical mystery over human solutions Campbell encourages readers to trust even delight in the harmony of God s love for all and sovereignty over all I Don't Care what the Bible Says Kenneth Cauthen,2003 It also warns against exaggerated notions of human freedom that put no limits on what might have been if people had only chosen differently and suggests that the total complex of conditions under which moral agents exercised their powers of choice in the South were such that the course Southern history took was highly probable and to have been expected BOOK JACKET I'm Right / You're Wrong Carol R. Baeta,John S. Knox,2023-12-21 Moral disagreement is commonly regarded as a threat to objective morality in scholarly circles and in popular culture perhaps being one of the most significant objections against Christian theistic moral theory Some skeptics argue that as people divide about what is right and wrong often inciting moral evil and causing human suffering the Christian view of an all powerful all knowing and all good God behind morality is inconsistent Accordingly I m Right You re Wrong investigates whether moral disagreement abolishes the traditional Christian view of God and its accepted ontology of morality It further analyzes and proposes the logical problem of moral disagreement applying the methodology proposed by Christian philosopher Alvin Plantinga in his free will defense Moreover this book discusses key theological and philosophical perspectives regarding God s omniscience creational power and the human attribute of free will

*Is Christianity True?* Jonathan Menn,2024-10-29 *Is Christianity True* is an excellent resource for twenty first century Christians and non Christians who want to investigate the truth claims of Christianity This book tackles the most important issues in a clear and compelling way Part 1 looks at the trustworthiness of the Bible and at Jesus Christ who claimed to be God incarnate He verified his claim by his fulfillment of prophecy and his resurrection from the dead Part 2 shows that the great alternative to Christianity the belief that there is no God or supernatural realm and that the universe and all that exists do so simply by natural forces not only is false but is impossible Part 3 deals with perhaps the greatest challenge to Christianity the problem of evil i e if God is all knowing all powerful and all good then why is there so much evil in the world The book does not shy away from discussing up to date scientific knowledge and shows how this knowledge actually confirms the claims of Christianity This book is a clear yet challenging explanation of the biblical historical philosophical and scientific evidence which shows that indeed Christianity is true **In God We Trust?** Donald Sterling Sweeney,2013-06-14 This book brings together Donald S Sweeneys lifetime experiences coupled with his natural innate desire to know and understand the facts and truth of situations that affect his life and the lives of others He has searched out the thoughts of many prominent and highly respected though often at opposite ends of the beliefwriters and thinkers for ways to resolve the conflicting beliefs about God between those who 1 Are atheistic and those who hold to a faith and trust in God 2 Are of different monotheistic

theologies 3 Are believers that the creation of the universe started 13.73 billion years ago and those who believe that the biblical version of the six day creation is literally true The conclusion that is reached by In God We Trust is that the conflicting views about existence or non existence of God can in fact be compatible with each other but that those of opposing viewpoints must give up some of their erroneous ideas
