Turtledove,2015-06-09 This novel by the New York Times bestselling master of alternate history explores an America reshaped by a twist in prehistoric evolution Publishers Weekly What if mankind s missing link the apelike *Homo erectus* had survived to dominate a North American continent where woolly mammoths and saber toothed tigers still prowled while the more advanced *Homo sapiens* built their civilizations elsewhere Now imagine that the Europeans arriving in the New World had chanced on these primitive creatures and seized the opportunity to establish a hierarchy in which the sapiens were masters and the sims were their slaves This is the premise that drives the incomparable Harry Turtledove s *A Different Flesh* The acclaimed Hugo Award winner creates an alternate America that spans three hundred years of invented history From the Jamestown colonists desperate hunt for a human infant kidnapped by a local sim tribe to a late eighteenth century contest between a newfangled steam engine train and the popular hairy elephant pulled model to the sim rights activists daring 1988 rescue of an unfortunate biped named Matt who s being used for animal experimentation Turtledove turns our world inside out in a remarkable science fiction masterwork that explores what it truly means to be human *Fur Labeling* United

*John Jacob Astor* John Denis Haeger, 2017-12-01 Biography of John Jacob Astor s life and his career as a merchant fur trader and land speculator as vehicles for examining several important themes and issues in American economic and urban development between 1790 and 1860 John Jacob Astor was the best known and most important American businessman for more than a half century His career encompassed the country s formative economic years from the precarious days following the American Revolution to the emergence of an urban centered manufacturing economy in the late 1840s Change was the dominant motif of the period and Astor either exemplified the varied economic social and political changes in his business career or he directly affected the course of events In this biography of John Jacob Astor John Denis Haeger uses Astor s life and his career as a merchant fur trader and land speculator as vehicles for examining several important themes and issues in American economic and urban development between 1790 and 1860 Haeger addresses in fascinating detail the complexity of Astor s business endeavors his extensive connections with the country s dominant political figures and the modern business strategies and managerial techniques that he used to build his business empire Astor was clearly not a business revolutionary who radically altered an existing system He was however an entrepreneur who exerted a profound change on an industry He fascinated his contemporaries precisely because he so mirrored his age and its changing business and economic patterns He grasped the greater size and complexity of an emerging commercial economy in post Revolutionary America and adopted strategies and structures that transformed the fur and China trades His investment in city real estate stocks bonds and even a western city made him part of America s evolution into an urban industrial society For his era John Astor s career was remarkable for its modernity vision and reflection of American economic and political values More than just a personal biography John Jacob Astor combines economic theories with a fascinating narrative that demonstrates like no other book has Astor s impact on the early republic

**Indians, Animals, and the Fur Trade** Shepard Krech, III, 2008 Exploring the motivations of Indians involved in the fur trade the contributors to this volume challenge the spiritualist interpretation set forth by Calvin Martin in *Keepers of the Game* which dismisses the lure of European goods the power and leisure that firearms and other tools afforded the Indians and instead attributes the Indians willingness to overkill wildlife to the epidemics that decimated their ranks that not only shattered their religious

bonds with game but also unleashed a furious revenge against the animals      **Summary of Tariff Information, 1921,**
