Many Thousand Gone African Americans From Slavery To Freedom:

Many Thousand Gone Virginia Hamilton,1997-11-01 Recounts the journey of Black slaves to freedom via the underground railroad an extended group of people who helped fugitive slaves in many ways **Many Thousand Gone: African Americans from Slavery to Freedom** , **Many Thousand Gone** Virginia Hamilton,1993 Publisher Description

Many Thousands Gone Ira Berlin,2000-03-01 A leading historian of southern and African American life traces the evolution of black society in America from its creation in the early 17th century through the American Revolution Berlin reveals the diverse forms that slavery and freedom assumed before cotton was king **Many Thousands Gone** Ira Berlin,2009-07-01 Today most Americans black and white identify slavery with cotton the deep South and the African American church But at the beginning of the nineteenth century after almost two hundred years of African American life in mainland North America few slaves grew cotton lived in the deep South or embraced Christianity **Many Thousands Gone** traces the evolution of black society from the first arrivals in the early seventeenth century through the Revolution In telling their story Ira Berlin a leading historian of southern and African American life reintegrates slaves into the history of the American working class and into the tapestry of our nation Laboring as field hands on tobacco and rice plantations as skilled artisans in port cities or soldiers along the frontier generation after generation of African Americans struggled to create a world of their own in circumstances not of their own making In a panoramic view that stretches from the North to the Chesapeake Bay and Carolina lowcountry to the Mississippi Valley **Many Thousands Gone** reveals the diverse forms that slavery and freedom assumed before cotton was king We witness the transformation that occurred as the first generations of creole slaves who worked alongside their owners free blacks and indentured whites gave way to the plantation generations whose back breaking labor was the sole engine of their society and whose physical and linguistic isolation sustained African traditions on American soil As the nature of the slaves labor changed with place and time so did the relationship between slave and master and between slave and society In this fresh and vivid interpretation Berlin demonstrates that the meaning of slavery and of race itself was continually renegotiated and redefined as the nation lurched toward political and economic independence and grappled with the Enlightenment ideals that had inspired its birth **100 Most Popular African**

the CCSS for ELA Multicultural Literature for Children and Young Adults Ginny Moore Kruse,1997 A careful selection of children s and young adult books with multicultural themes and topics which were published in the United States and Canada between 1991 and 1996 Preface p vii No Useless Mouth Rachel B. Herrmann,2019-11-15 Rachel B Herrmann s No Useless Mouth is truly a breath of fresh air in the way it aligns food and hunger as the focal point of a new lens to reexamine the American Revolution Her careful scrutiny inclusive approach and broad synthesis all based on extensive archival research produced a monograph simultaneously rich audacious insightful lively and provocative The Journal of American History In the era of the American Revolution the rituals of diplomacy between the British Patriots and Native Americans featured gifts of food ceremonial feasts and a shared experience of hunger When diplomacy failed Native Americans could destroy food stores and cut off supply chains in order to assert authority Black colonists also stole and destroyed food to ward off hunger and carve out tenuous spaces of freedom Hunger was a means of power and a weapon of war In No Useless Mouth Rachel B Herrmann argues that Native Americans and formerly enslaved black colonists ultimately lost the battle against hunger and the larger struggle for power because white British and United States officials curtailed the abilities of men and women to fight hunger on their own terms By describing three interrelated behaviors food diplomacy victual imperialism and victual warfare the book shows that during this tumultuous period hunger prevention efforts offered strategies to claim power maintain communities and keep rival societies at bay Herrmann shows how Native Americans free blacks and enslaved peoples were useful mouths not mere supplicants for food without rights or power who used hunger for cooperation and violence and took steps to circumvent starvation Her wide ranging research on black Loyalists Iroquois Cherokee Creek and Western Confederacy Indians demonstrates that hunger creation and prevention were tools of diplomacy and warfare available to all people involved in the American Revolution Placing hunger at the center of these struggles foregrounds the contingency and plurality of power in the British Atlantic during the Revolutionary Era Thanks to generous funding from Cardiff University the ebook editions of this book are available as Open Access volumes from Cornell Open cornellpress.cornell.edu/cornell-open and other repositories *Forgotten African American Firsts* Hans Ostrom,J. David Macey Jr.,2023-03-16 Winner of the 2024 RUSA Outstanding Reference Award This book introduces students to African American innovators and their contributions to art entertainment sports politics religion business and popular culture While the achievements of such individuals as Barack Obama Toni Morrison and Thurgood Marshall are well known many accomplished African Americans have been largely forgotten or deliberately erased from the historical record in America This volume introduces students to those African Americans whose successes in entertainment business sports politics and other fields remain poorly understood Dr Charles Drew whose pioneering research on blood transfusions saved thousands of lives during World War II Mae Jemison an engineer who in 1992 became the first African American woman to travel in outer space and Ethel Waters the first African American to star in her own television show are among those chronicled in

Forgotten African American Firsts With nearly 150 entries across 17 categories this book has been carefully curated to showcase the inspiring stories of African Americans whose hard work courage and talent have led the course of history in the United States and around the world *Separate Peoples, One Land* Cynthia Cumfer,2012-09-01 Exploring the mental worlds of the major groups interacting in a borderland setting Cynthia Cumfer offers a broad multiracial intellectual and cultural history of the Tennessee frontier in the Revolutionary and early national periods leading up to the era of rapid westward expansion and Cherokee removal Attentive to the complexities of race gender class and spirituality Cumfer offers a rare glimpse into the cultural logic of Native American African American and Euro American men and women as contact with one another powerfully transformed their ideas about themselves and the territory they came to share The Tennessee frontier shaped both Cherokee and white assumptions about diplomacy and nationhood After contact both groups moved away from local and personal notions about polity to embrace nationhood Excluded from the nationalization process slaves revived and modified African and American premises about patronage and community while free blacks fashioned an African American doctrine of freedom that was both communal and individual Paying particular attention to the influence of older European concepts of civilization Cumfer shows how Tennesseans along with other Americans and Europeans modified European assumptions to contribute to a discourse about civilization one both dynamic and destructive which has profoundly shaped world history Low Country Gullah Culture, Special Resource Study ,2005 Literature Connections to American History K6 Lynda G. Adamson,1997-09-15 Identifying thousands of historical fiction novels biographies history trade books CD ROMs and videotapes this book helps you locate resources on American history for students Each book presents information in two sections In the first part titles are listed according to grade levels within eras and further organized according to product type The books cover American history from North America Before 1600 and The American Colonies 1600 1774 to The Mid Twentieth Century 1946 1975 and Since 1975 The second section has annotated bibliographies that describe each title and includes publication information and awards won The focus is on books published since 1990 and all have received at least one favorable review Some books with more illustration than text will be valuable for enticing slow or reticent readers An index helps users find resources by author title or biographical subject *African American Autobiographers* Emmanuel S. Nelson,2002-03-30 There is growing popular and scholarly interest in autobiography along with increasing regard for the achievements of African American writers The first reference of its kind this volume chronicles the autobiographical tradition in African American literature Included are alphabetically arranged entries for 66 African American authors who present autobiographical material in their works The volume profiles major figures such as Frederick Douglass Zora Neale Hurston Richard Wright Maya Angelou James Baldwin and Malcolm X along with many lesser known autobiographers who deserve greater attention While some are known primarily for their literary accomplishments others have gained acclaim for their diverse contributions to society The entries are written by expert contributors and provide authoritative information about

their subjects Each begins with a concise biography which summarizes the life and achievements of the autobiographer This is followed by a discussion of major autobiographical works and themes along with an overview of the autobiographer s critical reception The entries close with primary and secondary bibliographies and a selected general bibliography concludes the volume Together the entries provide a detailed portrait of the African American autobiographical tradition from the 18th century to the present

Notes from a Colored Girl Karsonya Wise Whitehead,2014-05-14 This historical biography provides a scholarly analysis of the personal diaries of a young freeborn mulatto woman during the Civil War years In Notes from a Colored Girl Karsonya Wise Whitehead examines the life and experiences of Emilie Frances Davis through a close reading of three pocket diaries she kept from 1863 to 1865 Whitehead explores Davis s worldviews and politics her perceptions of both public and private events her personal relationships and her place in Philadelphia s free black community in the nineteenth century The book also includes a six chapter historical reconstruction of Davis s life While Davis s entries provide brief daily snapshots of her life Whitehead interprets them in ways that illuminate nineteenth century black American women s experiences Whitehead s contribution of edited text and original narrative fills a void in scholarly documentation of women who dwelled in spaces between white elites black entrepreneurs and urban dwellers of every race and class Drawing on scholarly traditions from history literature feminist studies and sociolinguistics Whitehead investigates Davis s diary both as a complete literary artifact and in terms of her specific daily entries With few primary sources written by black women during this time in history Davis s diary is a rare and extraordinarily valuable historical artifact

The American South William J. Cooper Jr.,Thomas E. Terrill,2008-10-23 In The American South A History Fourth Edition William J Cooper Jr and Thomas E Terrill demonstrate their belief that it is impossible to divorce the history of the South from the history of the United States The authors analysis underscores the complex interaction between the South as a distinct region and the South as an inescapable part of America Cooper and Terrill show how the resulting tension has often propelled section and nation toward collision In supporting their thesis the authors draw on the tremendous amount of profoundly new scholarship in Southern history Each volume includes a substantial biographical essay completely updated for this edition which provides the reader with a guide to literature on the history of the South Coverage now includes the devastation of Hurricane Katrina in 2005 up to date analysis of the persistent racial divisions in the region and the South s unanticipated role in the 2008 presidential primaries
